# ITALIANS ARE AWAITING THE BATTLE

## PIAVE RIVER LINE OF DEFENSE READY TO RECEIVE ATTACK

Defensive Tactics Mark the Work  
of Italians and Invaders Have  
Brought Up Big Guns.

## AT MUCH PAINS TO PROTECT VENICE

Italian Headquarters in Northern Italy, Monday, Nov. 12.—(By the Associated Press.)—A heavy and continuous bombardment is proceeding along the lower Piave river, marking the opening stages of extensive operations on this new line.

Whether a general engagement is imminent depends largely upon the enemy, as the Italians are now entrenched behind the river and fighting defensive tactics with the stream and their established forces checking the further extension of the Austro-German offensive.

The engagements thus far have consisted of episodes at detached points, although the shelling extends almost uninterruptedly for forty miles along the lower Piave. The crash of some enemy heavy guns is now heard showing that the Austrians and Germans have been able to bring up a few of these monster pieces. No longer is a secret made of the fact that the Piave is the line of defense to which the supreme command has been bending its energies for the past ten days. The upper end of this line joins the Trentino front, making virtually one unified front sweeping in

## ROTARY CLUB WILL HOLD WEEKLY MEETING

The weekly meeting of Fort Wayne Rotary club to be held Wednesday afternoon at the Commercial club will include the usual interesting program. The good work of the war camp community service will be discussed. One of the new members of the Rotary club reports that he has obtained \$95, while two other members turned in their quota of \$80 each Sunday.

There is a vague hint about some original psychism being brought to the meeting as the guest of Frank Stouder, but up to a late hour nothing definite concerning the animal could be learned. A full meeting is expected with the exception of the men engaged in Y. M. C. A. fund work who will be unable to attend on account of the noon meeting of that organization.

### ELECTED OFFICERS FOR 1918.

The St. Paul's Walther league held its annual meeting Monday evening at their hall, on Barr street, and elected the following members: John L. Mueller, president; George Weller, vice president; Paul Gallmeyer, secretary; Martin Koehne, treasurer; and Carl Dammeyer, financial secretary, to guide the affairs of the organization during the year of 1918. After the meeting the house committee, in charge of Max Irrmscher, Jr., served an enjoyable cafeteria lunch.

# AMERICANS ARE SHOWING CLASS IN PATROL WORK

With the American Army in France, Monday, Nov. 12.—(By The Associated Press.)—American soldiers are rapidly becoming expert at patrol work and their officers say they carry on in No Man's Land as if they had been at it for years. This is explained partly by the fact that activity in No Man's Land along the sector held by the Americans virtually is open warfare,

which is distinctly an American game. Already stories of the heroism of individual soldiers during trench raids are coming to light. A recent incident involved five privates who rushed from their dugouts as the Germans entered the trenches. Standing, kneeling and lying in front of the entrance they fired on the enemy so successfully that they prevented the Germans, who made several attempts, from entering.

## BREAD RULES ARE ISSUED

Regulations for Control of  
Baking Business Made  
Known.

UNIFORM LOAF AND  
PRICE ARE SOUGHT  
All Bakers Using More Than  
Ten Barrels of Flour  
Monthly Included.

Washington, Nov. 13.—General rules and regulations governing all licensed manufacturing food products under the president's proclamation requiring every baker except those using less than ten barrels of flour and meal monthly to take out a government license by Dec. 10 were announced by the food administration today.

Both proclamation and regulations seek to standardize bread-making, eliminate waste and confusing sizes, force prices down and otherwise help consumers generally.

Even hotels, clubs and other public eating places that serve bakery products of their own making must take out licenses if they exceed the ten-barrel limit, and a penalty for doing business without a license—\$5,000 fine, two years' imprisonment, or both—is provided. Bakers' licenses must keep products moving to the consumer in as direct line as practical and without unreasonable delay.

Re-sales within the same trade without reasonable justification, especially if tending to result in a higher market price to the retailer or consumer, "will be dealt with as an unfair practice."

Things Forbidden.

These things licensees must not do: Buy, contract for, sell, store or otherwise handle or deal in any food commodities to unreasonably increase the price or restrict supply or attempt to locally or generally monopolize commodities; destroy any bakery products, waste or willfully permit deterioration of products; accept returns of bread or other bakery products; make cash payments or allow credit

## DEMONSTRATIONS LIKE THESE PRECEDED THE REVOLT OF THE BOLSHEVIKS IN PETROGRAD

This photograph, just arrived from Russia, shows a typical scene in the series of events leading up to the present Bolsheviki revolution. Parading Bolsheviki carrying banners demanding peace and land partition are shown here in a Petrograd street. This is the last Russian scene to reach foreign lands, and shortly after it was taken the storm burst.

## BEADELL TO INDIANAPOLIS

County Fuel Director At-  
tends Conference With  
State Administrator.

CAN BUY BUT ONE  
TON AT A TIME  
Order is Sent in for Fifty-  
Six Tons of Coal at  
Once.

Henry Beadell, fuel administrator for Allen county, is in Indianapolis, Tuesday, attending a conference of county administrators from all over the state with Evans Woolen, state administrator.

E. I. Lewis, chairman of the state public service commission, and L. Ert Slack, district attorney, were scheduled to address the administrators, followed by Mr. Woolen and others of his office answering questions. The conference is intended to be an information-gathering meeting for the county men.

Allen county has asked for fifty-six tons of coal at once. The calls for relief for coal for the week by other counties in north-eastern Indiana follows: Adams, 8; Elkhart, 5; Jay, 13; Kosciusko, 1; Lagrange, 6; Noble, 17; Wabash, 11; Wells, 11; Whitley, 3.

Orders have been received by Mr. Beadell authorizing him to fix retail prices subject to the approval of the state administrator, with the dealers' right of appeal to the national administrator. Whenever a controversy regarding retail prices arises, Mr. Woolen will send a federal agent into the community to investigate the price and conditions before approving any prices recommended by the county fuel administrator. Pending his approval, however, such retail prices agreed on by the county director and his advisers will be permitted to stand.

Mr. Beadell reports that he is having some difficulty with a few dealers who refuse to deliver orders of last spring and for which the money has been paid. The price is much higher than last spring. The dealers will be compelled to refund the money.

That no person will be allowed to buy more than one ton at a time during the shortage is one of the plans that Mr. Beadell is now working out to relieve the situation here.

### NO WEDDING CAKES IN ENGLAND

London, Nov. 13.—Owing to the demand for economy in food supplies wedding cakes have been dispensed within several English counties.

## SHELL SHOCK THREE TIMES

American in Trenches at  
Time of Raid Tells of  
His Experience.

EXPLOSION AFTER  
EXPLOSION COMES

Americans Are Standing Up  
Well Under Actual War  
Conditions.

With the American Army in France, Monday, Nov. 12.—The lieutenant who was knocked down three times by shell fire during the recent German raid in the American sector, today described his experiences to the Associated Press. His face is covered with scratches from flying gravel.

"When the firing began, I started back to the trench," he said. "The first thing I knew there was a crash. I seemed to see sparks shooting from all over my body. I started to crawl and it seemed ages before my face hit the mud at the bottom of the trench. The same thing happened again a minute later. Then I picked myself up and started in another direction. A corporal and two men joined me.

Still Another One.

"A shell burst a few feet from us on the parapet. I lost consciousness. When I came to all was black and green. I had lost my shrapnel helmet, but, feeling around with my hands, I found one by the head of a man who was lying near me. I put it on and started away, stumbling over the body of the man, who was a corporal.

"I went on and gathered some men. We spread ourselves out expecting a heavy attack. As a matter of fact, I found out later that the raid was over and that the grenades we saw were being thrown by retreating Germans.

Are Standing It Well.

It is the opinion of all the officers that the troops are bearing up excellently under their first experiences in the trenches. All are learning how to conduct themselves under fire and also that shell fire, even when intense, is not as dangerous as it sounds.

So much shrapnel has fallen since the battalions of the second contingent in the trenches have taken their position that the men have ceased to worry about it, hardly paying any more attention to it than to rain. The commander of one battalion said that since the men had entered the trenches mumps has caused more of them to go to the hospital than has the enemy's fire. The firing in this battalion's sector has been rather more intense than is usual for several nights.

A heavy shell fell in a machine gun ammunition dump and exploded thirty boxes, bullets flying in all directions. The men nearby threw themselves on the ground and no one was hurt.

# ANARCHISTS IN PETROGRAD SAY PREMIER LOSES

Report Is That Kerensky and Korniloff Forces Were Whipped in  
Battle Near Capital.

## OTHER REPORT OF CONTRARY TENOR

London, Nov. 13.—The complete defeat of Premier Kerensky and General Korniloff is announced in a Russian communication received here by wireless. The announcement follows:

"Yesterday after bitter fighting near Tsarsko-Selo the revolutionary army completely defeated the counter-revolutionary forces of Kerensky and Korniloff. In the name of the revolutionary government I order opposition to all enemies of the revolutionary democracy and the taking of all measures necessary to effect the capture of Kerensky.

"I also forbid similar adventures which are endangering the success of the revolution and the triumph of the revolutionary army.

(Signed) "MURAVIEFF,  
"Commander in chief of the forces acting against Kerensky."

### RATHER WILD REPORT.

London, Nov. 13.—A dispatch from the Copenhagen correspondent of the Exchange Telegraph company says that travelers arriving in Haparanda, Sweden, from Russia, confirm the report that Premier Kerensky has gained a complete victory over the Bolsheviki. It is said the premier, Gen. Kaledines and Gen. Korniloff have formed a triumvirate in Petrograd where all the troops now side with M. Kerensky. It is reported Nikolai Lenine had been captured.

The authenticity of these advices is open to question in view of the fact that no such developments are reported in dispatches filed in Petrograd as late as 7 o'clock yesterday morning.

### KORNILOFF ENTERS.

Stockholm, Nov. 13.—General Korniloff has entered Petrograd where the entire garrison, except the sailors, went over to his side, according to a Petrograd dispatch to the Social Demokrat under Monday's date.

### SAYS KERENSKY CONTROLS.

Copenhagen, Nov. 13.—Premier Kerensky's troops are in control of part of Petrograd, especially the Navy prospect, according to a telegram received by the Stockholm News Agency and forwarded to Copenhagen. The Bolsheviki are said to have taken refuge in the Smolny institute.

### DESPERATE STREET BATTLE.

Petrograd, Monday, Nov. 12.—(2:30 p. m.)—Petrograd was still in the hands of the Bolsheviki today after desperate street battles on Sunday in which a handful of brave military cadets were killed or captured by Bolsheviki forces, upon whom the cadets inflicted considerable losses.

Meanwhile the city awaits anxiously the coming of Premier Kerensky who is reported to be nearing Petrograd, but seems to have his headquarters at Gatchina.

Hard Time for Rebel Rulers.

The new Bolsheviki government, headed by Nikolai Lenine and Leon Trotsky, is having anything but an easy time in controlling the city, as the committee of public safety, which includes all the elements opposing them is seeking to establish a new socialist government. They continue to placard the streets with demands that the Bolsheviki "realize their folly and consent to lay down their arms and await the coming of Kerensky."

Most of the ministers of the Kerensky cabinet who were captured after the eight-hour battle near the winter palace last Wednesday night have been released from the fortress of St. Peter and St. Paul. M. Tsvetchenko and A. I. Konvaloff are still behind the prison walls as are the military cadets captured in the battle at the telephone exchange on Sunday.

Seck Compromise With Kerensky.

Agents of the committee of public safety have gone to Gatchina in an

## LOUIS PFLIEGER TAKEN TO CHICAGO FOR TRIAL

Would Be Wife Slayer is  
Confident of His  
Release.

"I'm not worrying," said Louis Pflieger a few moments before starting on his return trip to Chicago in the custody of Sergeant Cudmore, of the Chicago detective force. "My wife will recover and I will go free," he added as an explanation. When asked if his company was going to back him in the trial he stated that he did not think so, but that wasn't necessary as he had many influential friends in Chicago.

Pflieger is evidently a lover of publicity for during his stay at the county jail his principal request was for papers bearing details of his exploit. Pflieger was taken to the railroad station in the police patrol and left Fort Wayne at 12:40 p. m. He was given an unusual degree of freedom.

## THANKSGIVING FOR SAMMY IS NOW ON GROUND

With the American Army in France, Monday, Nov. 12.—(By The Associated Press.)—A large shipment of turkeys, mince meat, chanterelles, nuts raisins, oranges and sweet potatoes for the Thanksgiving dinner for the American soldiers has arrived in France. It will be distributed among the various instruction centers and villages where the troops are billeted. Other shipments will follow.

### Summary of the Day's War News

Powerful efforts are being exerted by the Austro-German invaders of northern Italy to pierce the Italian front in the eastern Trentino and by breaking forward to the plains from the Sugana valley outflank the Italian line on the lower Piave, protecting Venice.

Berlin's official report today claims some successes for the Teutonic armies in this attempt. They took Mont Longara, northeast of Asiago and further to the northeast made headway between the Sugana and Cison valleys storming defensive works in this area.

The fighting here obviously is of a desperate nature and the Italian forces have shown themselves in a mood of determined resistance. In the Asiago area last Saturday for instance, two peaks in the same defensive zone as Mont Longara were captured by the invaders but afterwards were retaken by the Italians in resolute counter attacks.

Between the Cison and the upper Piave valleys the Italian line is straightening out to virtually an even line for the connecting link between the Piave and Trentino fronts. It is apparently in this process that the town of Fossato, about five miles west of Feltrino, which was reported Sunday occupied by the Teutons, and equal distance

## MACHINISTS TO AID TOM MOONEY

### Pass Resolutions Affirming Belief in the Innocence of Convicted Man.

Friendship lodge, No. 70, International Association of Machinists, has passed resolutions affirming its belief in the innocence of Thomas J. Mooney, who has been convicted of grave crime and is in danger of the gallows. The resolution reads as follows:

Whereas, In the recent trial of Tom Mooney, a member in good standing in the International Molders' union for the past fourteen years, he was convicted and is in imminent danger of being railroaded to the gallows on a trumped-up charge, and on the most brazen and contradictory testimony; and

Whereas, It has been proven that the testimony of Estelle Smith, Crowley and McDonald, used to convict Warren K. Billings, is a flat contradiction to the evidence of O'xman, used to convict Mooney; and

Whereas, Twenty-one alibi witnesses, numerous photographs, and timeclocks have established an unmistakable alibi; and

Whereas, The verdict is at total variance with the evidence produced, and is the result of the prosecution's past six months' activity in the public press in misrepresentations of facts and an appeal to the most severe prejudices of the public; and

Whereas, We realize, that unless there is a stop put to the wholesale railroadings of innocent women and men to the prisons and gallows, our brother, Ed Nolan, a member of the International Association of Machinists will be next to be tried on the same false charges; therefore be it

Resolved, That we, Friendship lodge No. 70, International Association of Machinists, affirm our belief in the innocence of Thomas J. Mooney and his co-defendants, and trust that the commission appointed by the president of this country to re-affirm the same, and we pledge them our aid in their efforts to secure justice; and be it further

Resolved, That a copy of these resolutions be forwarded to the daily and weekly press for publication.

WILLIAM J. MURPHY,  
JOHN POLHAUS,  
ED H. YERGENS,  
Resolution Committee.

Machinist E. M. Weintreitt, who was sick two or three weeks, was able to report for duty at the Pennsylvania shops this morning.

## ACCOUNTING CLASS THE FIRST.

Elx Educational Movements Opens Tonight.

The first of the several classes to be organized from the ranks of the Elx club, which is composed of the women in the office and factory of the General Electric works, will be the accounting class, consisting of twenty members, which will meet this evening with A. E. Roberts, of the production department, as the teacher. The club has just completed a membership campaign in which every woman in the works was given opportunity to join, and the result so far has been an addition of over 100, bringing the membership up to 150. Of course the roll is open yet, and many additions will be made. The classes to be organized tonight or next Tuesday night are sewing, basketry, needle and Christmas presents. Supper will be served to the students between the hours of 5 and 5:45 o'clock and after the class a social hour or two will be enjoyed.

## EXCURSION IS ASSURED.

Agent John E. Ross, of the Pennsylvania, had filed eighty-seven reservations for the personally conducted excursion to Camp Shelby, Hattiesburg, Miss., next Tuesday, at 4 o'clock yesterday afternoon, and there were a number of people to be seen then. The excursion is an assured fact and the indications are that the limit of accommodations will be reached. Inquiries are coming in from surrounding cities—Richmond, Bluffton, Columbia City, Auburn, Kendallville, Decatur and others—and when these have made reservations there will be a full quota and possibly a necessity to provide more equipment.

## ROSS KENNEDY AT CAMP.

C. R. Kennedy, clerk in the office of Master Mechanic E. E. Grist, of the Pennsylvania, received a postcard representing the old fireplace end of one of the rooms in a Y. M. C. A. building at Camp Zachary Taylor, where Ross is stationed. On the card beneath the picture is the legend, "The old fireplace in the Y. M. C. A. is the nearest thing to home in Camp Zachary Taylor." Ross writes that the room represented in the picture is where our band practices. We are coming along fine. I have been playing solo parts. You will remember that cornet player, Benton. Well, he is in the band and plays second.

## COLLIDED WITH AUTO TRUCK.

Becoming confused and losing control of his auto truck, loaded with lumber, as he was crossing the Pennsylvania tracks at Angeline, Ohio, yesterday, J. Harver missed the crossing and when the auto struck the rails, it was diverted from its course and turned down the tracks just in time to be struck and upset by engine 1214, which was pulling a freight train. The lumber and the truck were slightly injured, but the driver was not in the least hurt. Conductor W. Auer had charge of the train.

## LOYAL AID TO MEET.

Loyal lodge No. 85, Ladies Auxiliary to the Brotherhood of Railway Trainmen, will hold its social aid gathering at the home of Mrs. Josephine Jones, 1416 Sherman street, between the hours of 2 and 5 Wednesday afternoon. The committee is composed of the following ladies: Mrs. Kay, Mrs. Karris, Mrs. Koutz, Mrs. Kessler, Mrs. Knipper, Mrs. Koch, Mrs. Kridler, Mrs. Klugeberger, Mrs. Kaylor, Mrs. Keithberger, Mrs. Kesterson, Mrs. Laverack, Mrs. Livengood, Mrs. Rose Livengood and Mrs. Johnson.

## PENNSY SHOPMEN INTERESTED.

Large attendance at the first meeting in the Y. M. C. A. campaign at the Pennsylvania boiler shop yesterday afternoon indicated much interest on the part of the shopmen, who are always ready to respond to any worthy movement. There were fully 1,200 men surrounding the platform when Lieutenant Fueling, Sergeant Shevrod and Master Mechanic E. E. Grist delivered addresses.

## IN HIS NEW HOME.

Foreman James A. Foster, of the Pennsylvania air brake room, resumed work this morning, after assisting his folks to move the household effects from their former home on Columbia avenue to the home just purchased by Mr. Foster at 2116 California avenue.

## WILL GO TO PITTSBURG.

Miss Lenor Carpenter, for eighteen months the chief clerk in the office of Henry J. Peters, of the tool supply department of the General Electric works, announces her intention of resigning a position in a railway office in Pittsburgh and will go there as soon as she retires from the Electric works.

## ELECTRIC WORKS BAND DANCE.

The General Electric works band will give its first ball this evening at the Elks hall. Tickets have been widely circulated and there will be a big crowd present. A feature of the ball which will be appreciated will be the music by the full band—forty pieces.

## FEDERATION HAS MEETING.

Nothing of very great importance occurred at the meeting of the Fort Wayne Federation of Labor last night, the proceedings being mainly of a routine character. The credentials of two new delegates were acted upon and two restaurants and one garage were reported to be on the unfair list.

## INDUSTRIAL NOTES.

F. Spina, R. L. Singleton and L. Baugher are new helpers in the Pennsylvania boiler shop.

A. J. Hirschfelder, Pennsylvania boiler-maker, returned to work yesterday, after a week's sickness.

E. E. Lowe, a Pennsylvania lineman, is off duty to look after some private business.

T. Christoff, stationary fireman at the Pennsylvania power plant, is sick and off duty.

Sickness is keeping John Schuler, a

## INDUSTRIAL CLUBS TO HAVE DOINGS

### Will Inaugurate Season's Events by Giving Skating Party Friday.

The Federation of Industrial Clubs will have a series of social events during the winter and will open the season Friday night, when a skating party will be given at the Washington street rink. The committees have been assigned the duty of preparing for the entertainment and are now at work upon the program for the evening. The Federation of Industrial Clubs has a membership of 250 and is one of the most active bodies of its kind in the city. In the federation are the following clubs: The General Electric, the Perfection, the Knitting mills, the Diddle, the Moss Manufacturing club and the Busy Bees, the latter being composed of girls who work in houses in the city.

doormaker, from his duties in the Pennsylvania car shop.

J. P. Hanson, in the Pennsylvania boiler shop, was off duty yesterday, owing to an injured eye.

A. Schmidt is a new grinder in the Pennsylvania tool room, commencing work there this morning.

Machinist C. E. Laubscher, of the Pennsylvania tool room, is going to Chicago Saturday to remain over Sunday with a friend.

B. Bartels, who was injured some time ago, was able to resume his duties in the Pennsylvania erecting shop this morning.

Tom George, for the past three or four weeks employed in the Pennsylvania blacksmith shop, resigned last night for the purpose of returning to his home in Greece.

Charles McElroy, of Decatur, and Mr. Thomas, of St. Louis, traveling auditors of the Wabash, were here today checking up with the shops and round house.

Al Burghane, expert airbrake man from the Westinghouse works at Pittsburgh, is in the city today, conferring with H. A. Burson, air brake instructor of the Pennsylvania.

C. W. Potts, a helper in the Pennsylvania machine shop, is preparing for a visit with his brother, who is a soldier in Camp Shelby, Hattiesburg, Miss.

District Passenger Agent F. P. Parrin, of the Nickel Plate, received a card from his son, Sergeant Ross, who is stationed at Camp Shelby, Miss. The card merely stated that he had arrived at the camp safe and sound.

J. W. Jackson, of the Edison lamp works at Harrison, N. J., is here on business with the General Electric and the Edison works' officials. Mr. Jackson makes frequent business trips of this kind to Fort Wayne.

Albert Boesso, for about a year employed under Foreman William Mueller in the hand screw machine department of the General Electric works, left yesterday for Camp Benjamin Harrison to join an aviation corps.

Mrs. A. Gruber, wife of the assistant foreman of the Pennsylvania copper shop, has returned from Allegheny, Pa., where she was visiting her son, Gus Gruber, Jr., who is employed in the Pennsylvania shops. The young man is expecting a call to the colors soon, having been drafted.

Mrs. U. S. Huffman, of this city, and daughter, Mrs. Theodore Schwankovsky, and her daughter, Margaret Anne, of Florida, O., are spending the week at Camp Shelby, Miss., visiting their son and brother, Lieutenant Carl S. Huffman, who is serving the colors there. Mr. Huffman was formerly a clerk in the Pennsylvania superintendent's office.

Mr. and Mrs. Clifford Kirkpatrick, who have been living on East Washington street for several months in furnished apartments, have arranged to go to housekeeping at Broadway and Washington street, where they are now fitting up rooms. Mr. Kirkpatrick is an electrician and is employed in the general testing department of the General Electric works.

On account of the advance in the price of the six different Medicinal Concentrated Extracts and Chemicals contained in LAXATIVE BROMO QUININE, it was necessary to increase the price to the Drugist. It has stood the test for a Quarter of a Century. It is used by every Civilized Nation.

## LODGE NOTES

### Bass Post to Celebrate.

At a meeting held Monday night in Vordermark hall by the Lion S. Bass post, G. A. R., further arrangements were made for the celebration of the thirty-fifth anniversary of the organization on Monday evening, November 26. A committee consisting of Jasper Edsall, Joseph Corlett and William Engle has been appointed to arrange for the entertainment. A history of the post since its inception will be given by Past Commander James E. Graham. The special guest of honor will be Commander-in-Chief Orlando A. Somers, of Kokomo. The veterans of the post are requested to meet at the hall on the night of the celebration at 7 o'clock so that nominations can be made for the annual election in December. The members of the Woman's Relief Corps will serve refreshments.

### Goes to Columbia City.

Mrs. Rose Sutton, president of the Woman's Relief Corps of Lion S. Bass post, G. A. R., has left for Columbia City, where tonight she will inspect the W. R. C. at that place. Mrs. Sutton will be accompanied by Mrs. Etta Bickel, Mrs. Elsie Dreibleis, Mrs. Susan Rehman and Mrs. Johanna Yaste, who will assist her during the ceremonies. At the next meeting of the organization arrangements will be made for the annual patriotic tea and sale of Christmas articles to be held in Library hall, December 7.

## HOW YOU MAY HELP IN THE FREIGHT CRISIS

### Head of the Railroads' War Board Explains Part You Can Play.

(EDITOR'S NOTE—The following statement was written for the Daily Sentinel by Fairfax Harrison, chairman of the war board, appointed by the railroads of the United States. Harrison appeals to the people to take care of the vital business—required by the government for its war plans and by the nation to carry on the necessary affairs of ordinary life.)

By FAIRFAX HARRISON.  
Chairman the Railroads' War Board.  
During the coming winter American railroads will face the greatest trans-

FAIRFAX HARRISON

portation problem in their history. The war demands have increased the railroads' burden virtually over night by millions of tons of freight.

Some conception of this may be gleaned from the fact that the additional service demanded this year is equivalent to carrying 120 billion tons of freight one mile.

This increase alone is more than the combined freight traffic for one year of Great Britain, France, Austria, Russia, and Germany.

Moreover, frankly the railroads will have to handle it with inadequate facilities. Cars, locomotives, terminals, all the other equipment, track space—cannot be built over night.

To make the situation more difficult, practically all the steel which can be spared for locomotives and cars has been appropriated for use abroad either by the United States or by our allies. As a result, United States railroads must face their task with practically no increase in equipment.

Despite conditions, the railroad industry is not pessimistic. It is, on the contrary, still on tip toe to control the tremendous traffic so suddenly thrust upon it. But all railroad men now recognize that to keep pace with the shippers' consignees and public as a whole to increase the co-operation that has so generously given, since the United States entered the war.

Perhaps the best way to show the value of the shippers' co-operation is to cite a few concrete examples of intensive loading.

Shippers along the Burlington railroad during the first nine months of this year saved the use of 59,287 freight cars by loading more heavily than in previous years.

The Anaconda Mining Co., from October 1 to 15 inclusive, forwarded from Anaconda, Mont., 8,423,900 pounds of copper in cars whose capacity was 8,570,000 pounds, using almost 10 per cent. more than the marked capacity of the cars.

Cotton formerly moved in units of 50 bales, now moves only in units of 65 and 75. As there are eighteen million bales to be moved by rail each season, this alone has produced a saving of anywhere from 83,000 to 125,000 cars.

Sugar, on which the railroad minimum from the south was formerly only 24,000 pounds per car, now moves on a 60,000 pounds carload minimum.

In the handling of less than car load freight for July, this year, 77 of the leading railroads increased their load per car nearly 20 per cent. over July last year, saving the use of 114,109 cars.

During the war food, munitions and material must be kept moving to the seaboard, lumber to the shipyards, men must be kept moving to the cantonments—and all these movements, as far as possible, must be made without serious interference with the regular commercial traffic.

To do this, the railroads must increase their own efficiency. They cannot rely altogether on the shippers. As chairman of the Railroads' War board, I feel I can state this increase in efficiency will be accomplished, as there has been no disposition on the part of any member of the railroad army to do anything but give his best.

Consignees can also help by purchasing in the nearest market, by being prepared to store the whole contents of the cars, by bunching their orders to make full carload lots and by unloading promptly.

The co-operation we ask from the general public is harder to explain. What we need above all is a thorough understanding of the magnitude of the transportation problem and the necessity for public co-operation in its solution.

We want the public to understand that passenger trains have been eliminated for one purpose only—to save equipment, lumber to the shipyards, men must be kept moving to the cantonments—and all these movements, as far as possible, must be made without serious interference with the regular commercial traffic.

We want the public to understand, too, that every effort the individual family may make in any form of conservation will help solve the transportation problem, as well as the other economic war problems.

By using food and fuel economically, by refraining from the use of things unnecessary for a healthy existence, by foregoing luxuries which demand rail transportation, and by supporting the movement against the use of freight cars for hauling non-essentials, the people as a whole will lessen the burden of the railroads and help carry this war to a successful conclusion.

## REVIEWS THE WAR EVENTS

### Secretary Baker's Weekly Summary Elucidates German Methods.

### POLITICAL DRIVES IN TWO COUNTRIES

### Trying to Overcome Italy and Russia by New Offensive.

Washington, Nov. 13.—The effect of "Germany's political offensive" against Russia and Italy upon the task ahead of the allies is recognized in Secretary Baker's weekly review of military operations issued today by the war department.

"The political situation in Russia made it possible for the enemy to detach important contingents in the east which were speedily transported to the Italian front."

"It is not unlikely that before instituting their powerful drive against the Italian forces, the enemy made painstaking and systematic attempts to undermine the morale of the Italian troops with a view to breaking down their resisting power."

Present German Methods Revealed. "This carefully planned political offensive conducted preparatory to their military offensive reveals clearly the present methods of the Germans."

"Surveying the broader aspects of the European situation today we see the enemy's efforts to political projects."

Along the Italian sector he has recently made desperate attempts to obtain a decision by means of a politico-military drive. In the west while attempting to sap the fighting strength of the belligerent peoples the enemy has now been compelled to act on the defensive and is being slowly but surely driven back."

"It should be borne in mind, however, that the further disintegration of the Russian forces will mean that the Germans will be able to thin out the line along the front which will thus automatically contribute to the stiffening of their resistance in the west, as well as render available added contingents to take part in the engagements now progressing in Italy."

Allies' Big Gains in West. "During the week just closed both the British and French were able to record significant tactical gains, the culmination of a long series of powerfully driven offensives."

"With Passchendaele securely in British hands, the first stage of operations begun during the last week of September have been brought to a successful conclusion."

"The French counterpart of the British success took place north of the Alsne. Here the retreat of the enemy anticipated last week was carried out. The pressure of the French offensive, which has grown slowly and methodically in volume and in intensity, reached a climax when they were enabled to enfilade the German forces along the crest of the Chemin des Dames."

Win Back Forty Square Miles. "For the past three years the presence of the enemy on this ridge had been a source of anxiety to the French. To dislodge them was a principal objective in the repeated offensive developed by Gen. Petrain since last April. The sudden forced evacuation of some forty square miles of the most important terrain in this sector of the western front has been the tangible result achieved."

"The importance of this successful French advance must not be overlooked. It means more than a mere gain of so many square miles of territory; it means the penetration of the powerfully fortified Siegfried line hitherto considered by the enemy impregnable and pushes back his main defensive position to within five miles of the fortress of Laon, the major objective."

Americans in Action. "In the sector where a small detachment of our troops had taken up their places in the trenches, as a part of their training the enemy (as is customary in trench warfare when fresh troops are believed to have taken places in front line trenches) for reconnaissance purposes executed a well-

planned raid and succeeded in temporarily penetrating the short segment of the line held by our forces, inflicting a few casualties and taking prisoners. A unit of our artillery also in the course of its training, came in contact with the enemy and acquitted itself very creditably in this first encounter.

"In Italy, the situation is developing as normally as can be expected under the circumstances.

"For the time being, it would be of little avail to endeavor to seek for the contributing causes of the gains made by the Austro-German forces, which have resulted in their incursion into Italy."

Italian Retreat Orderly. "The Italians retreat, somewhat confused in the earlier stages, has now become more orderly, and the retirement of the main forces of the Italian armies during the week continued uninterrupted."

"The line of the Tagliamento river was held by the Italians long enough to insure the safe retirement of large bodies of troops. The line has now been abandoned and the enemy, penetrating the Venetian plain has reached the Livorno."

"The Italians are continuing their efforts to detain the advancing Austro-German forces."

"The morale of the armies, shaken by the recent events is being rapidly restored. Allied reinforcements have now formed a junction with the Italians. The pressure of the enemy is no greater."

"Along the eastern front on operations of military importance took place."

"The enemy instead of attacking has renewed his efforts to fraternize with the Russians. Owing to the involved political situation and the fresh outbreaks of the extremist elements, it is probable that these may have a marked influence on the general strategy of the war, which we must be prepared to meet."

## TAKES FRENCH LEAVE OF BOARDING BILLS

Sergeant Detective Immel has returned from South Bend with John McDonald. A letter was received some time ago from Toledo inquiring about McDonald, stating that he was wanted at that place for beating a board bill at the Wade hotel. Sergeant Immel made an investigation and found that McDonald had been staying at the Rich hotel but that he had unexpectedly left, leaving a board bill of \$22 and a laundry bill of \$3 unpaid. A communication to South Bend soon located the man. McDonald will probably

### BELLS OF ALSACE MELTED.

London, No. 13.—Nearly all the church bells and organ pipes of Alsation towns and villages have now been dismantled and converted into munitions of war. But the money the German government agreed to give for these bells will not be paid out, but retained and invested in the new German war loan.

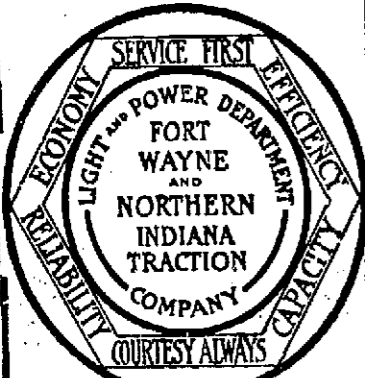

## Tobacco Habit Easily Overcome

A New Yorker, of wide experience, has written a book telling how the tobacco or snuff habit may be easily and quickly banished with delightful benefit. The author, Edward J. Woods, 1312 K. Station E. New York City, will mail his book free on request.

The health improves wonderfully after tobacco craving is conquered. Calmness, tranquil sleep, clear eyes, normal appetite, good digestion, manly vigor, strong memory and a general gain in efficiency are among the many benefits reported. Get rid of that nervous, irritable feeling; no more need of pipe, cigar, cigarette, snuff or chewing tobacco to pacify morbid desire.—Advertisement.

### SURPRISE IS GIVEN ON HOAGLAND PASTOR

Members of Poe M. E. Church  
Spend Evening With  
Rev. R. S. Jones.

Hoagland, Ind., Nov. 13.—Rev. R. S. Jones and his sister, Miss Esther Jones, were completely surprised on Friday evening at their home in the M. E. parsonage at Hoagland by ninety-nine guests who arrived unannounced. The company were all members of the Poe M. E. church, which is a part of the parish Rev. Mr. Jones is in charge of as the head of the Hoagland M. E. church. The guests made their trip in automobiles, eighteen machines being used in transporting the company. A donation was presented to Pastor Jones, so now the parsonage cellar abounds in good things to eat. Miss Spillers gave several readings during the evening. A lunch was served by the ladies and a general social time was enjoyed. Among the guests were Mr. and Mrs. George Morton, Mr. and Mrs. Nathan Snider, Mr. and Mrs. A. O. Hadley and family, Mr. and Mrs. Isaac Green, Mr. and Mrs. John Valentine and grandson, Mr. and Mrs. Ruu Valentine and daughter, Mr. and Mrs. Ira Beck and family, Mr. and Mrs. Gordon Summers and family, Mr. and Mrs. Victor Snash and family, Mr. and Mrs. John Reed, Mr. and Mrs. Reed Caston and family, Mr. and Mrs. Guy Hadley, Mrs. Nettie Vaughn, Mrs. H. L. Wilson and daughters, Mr. and Mrs. Frank Snider and family, Mr. and Mrs. H. Morton and son, Dorris, Mr. and Mrs. Harvey McMahon and son, Harold, Mr. and Mrs. Frank Morton and family, Mr. and Mrs. Arthur Mullen and daughter, Dr. and Mrs. Mercer and family, Mr. and Mrs. Harley Somers and family, Mr. and Mrs. John Treanor, Mr. and Mrs. Ray Hadley, Mrs. William Comer, Mr. and Mrs. Frank Harkless, Mrs. George Deel and sons, Mrs. Talcott Tsnogle, Mrs. Simeon Somers, Misses Leone Morton, Florence Scherer, Jessie and Georgia Monroe and John Beck, Oakley Scherer and Denver Comer.

### QUITS PASTORATE.

Portland, Ind., Nov. 13.—The Rev. S. Wilbur Huffer, for the last six and a half years pastor of the local Presbyterian church, preached his farewell sermon here Sunday. His subject was: "True Ministry," and, as always, was pleasing. A large congregation was out to hear the farewell sermon and bid him goodbye. No pastor was ever more popular here and his efforts have borne fruit in the healthy growth which has been taking place since he came to this city. Not only has the church prospered but the Sunday school and the Christian Endeavor society as well as the various other organizations of the church. The Rev. and Mrs. S. W. Huffer will reside in Muncie where Mr. Huffer will be in the office of the R. L. Dellings Investment company.

### WANTED TO BE LOCKED UP.

Huntington, Ind., Nov. 13.—Mrs. Eli Cullers, wife of the proprietor of the Wellington hotel on East Market street, asked Patrolman Dora Bickel to lock her up in the county jail Sunday night following a fight with her husband. She said that if he didn't she might do something desperate to her husband. A 38-caliber revolver was taken from her, and she was put in jail. She said that Cullers shoved her and that he slapped her face. The occurrence happened at about midnight Sunday night. Monday morning Cullers was brought into police court charged with assault and battery filed by his wife. He asked to have a trial. The time of the trial was set for 2 o'clock Monday afternoon in police court.

### HONOR BOYS IN SERVICE.

Decatur, Ind., Nov. 13.—A background of the Methodist pulpit is a United States service flag bearing twenty blue stars, one for each member of the church now in military service. In the center is a red cross, honoring Miss Josephine Krick, who left last week for service as a Red Cross nurse. Rev. Thornburg asks the parents of the boys in service to bring their pictures to be placed in a special frame or case in the vestibule.

### MRS. BERKEY DEAD.

Warsaw, Ind., Nov. 13.—Mrs. J. S. Berkey, 84, is dead at her home about five miles northwest of Warsaw. Mrs. Berkey was born in Ohio but came to this state at the age of two years and has been a resident of Kosciusko county for more than sixty-five years. Surviving her are her husband and three children, M. S. Berkey, H. A. Berkey and O. P. Berkey, all of Warsaw.

### THOS. CLINE SUCCEUMS.

Warsaw, Ind., Nov. 13.—Thomas Albert Cline, 63, is dead at the home of his daughter, Mrs. H. M. Hartman, on East Fort Wayne street, of dropsy and brights disease. Mr. Cline has been failing for sometime and his death has been expected for several days. He was an old resident of this place and was well known here. Surviving him are six children, twenty grandchildren and five great grandchildren.

### ACTO SMASH.

Milford, Ind., Nov. 13.—Thomas Roberts, of North Manchester, received one smashed finger and another badly injured member of his hand, when he was in an auto accident at Milford. Roberts' car was hit by a car driven by Mrs. Harris of Milford, and was so badly damaged that he returned to North Manchester by rail.

### BOYS LIVERY STOCK.

Warsaw, Ind., Nov. 13.—The Polk and Dilly livery stock—one of the most extensive in northern Indiana, has again changed hands. About two weeks ago the same was sold by Polk and Dilly to John Frakes, who sold the same to Charles E. Raker and George W. Raker.

## SAGE TEA BEAUTIFIES AND DARKENS HAIR

Don't Stay Gray! It Darkens So  
Naturally That Nobody  
Can Tell.

You can turn gray, faded hair beautifully if you'll get a bottle of "Weyth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Weyth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

Betz and Mr. and Mrs. John Betz, of St. Joe, were Sunday evening guests.

Mrs. Harvey Foot, of Antwerp, and Miss Flora Rehn spent Sunday with Mrs. Margaret Koch.

Mrs. Priscilla Hardesty, of Hicksville, is spending the week with her son, J. C. Vallen and family.

John Benninghoff made a business trip to Auburn on Monday.

Rev. Dr. Martin, of Fort Wayne, delivered the quarterly meeting sermon at the Wesley M. E. church on Sunday evening. Many attended from here. The Rev. Martin spent Sunday night and Monday at the home of Rev. Bryan and wife and held the quarterly business meeting at the M. E. church on Monday morning.

Melvin Betz, of Grabbill, was a Monday guest of his uncle, Joel Betz and wife.

Mr. and Mrs. Vol Hay and daughter Ruth, Mrs. Vernie Kelley and daughter Madona and Alva Place were Sunday guests of the former's daughter and husband, Mr. and Mrs. Ray Baker.

A large number from here attended the lecture at Brush college on Sunday evening.

Frank Markle and wife and children were at her mother's, Mrs. Matilda Oberholtzer, at Springfield Center on Sunday.

W. O. Lake and family visited his sister, Mrs. John Benninghoff and husband on Sunday.

C. C. Webb and wife were Fort Wayne visitors on Sunday afternoon. Mr. and Mrs. George Beams and family and Mrs. Rose Beams were Sunday afternoon guests of Mr. and Mrs. W. F. Rhoades.

## Country Club Gardens A Much-Wanted Place

There are many people in the city of Fort Wayne who have dreamed of the delightful and altogether more satisfying surroundings of a suburban home, where they could raise vegetables and other things for table use or for the market, and still hold strongly to the city interests. Great obstacles, however, have discouraged the plans of many families, and the dream has faded. Country Club Gardens is the ideal solution of this problem. It is within a few minutes' ride of the city by interurban or auto.

mobile, possesses every advantage of country life, with a quick connection with the city. The soil in the Gardens is splendid for the growing of fruits and vegetables. The water is pure and there are building restrictions which guarantee a high class community. Many people have bought lots here who intend to build homes in the spring, consequently it will soon be a settled community. L. Yoquilet, book-keeper at Kraus & Apfelbaum, has just purchased a lot in the Gardens. The sale was made for the City & Suburban Building company by C. S. Fair, of the L. H. Moore Realty company.

## BIG Y. M. C. A. MEETING IS HELD AT BLUFFTON

Wells County's Quota in  
Campaign is \$6,000—Com-  
mittees Start Work.

(Special to The Sentinel.)

Bluffton, Ind., Nov. 13.—The Y. M. C. A. meeting held at the opera house with an overflow meeting at the Baptist church Sunday night was the greatest patriotic meeting ever held at Bluffton. The opera house was packed full and the county was organized and the committees started work Monday afternoon soliciting the fund of \$6,000, Wells county's quota.

John Miller received word of his appointment as coal dictator for Wells county, taking the place of J. A. Crosbie, who resigned. Mr. Miller is agent for the Standard Oil company in the county and is a good man for the job.

Food Administrator.

W. A. Kunkel, well known oil man, was Saturday appointed food administrator for Wells county by the county council of defense.

Petit Jurors Named.

The petit jurors were drawn for the November term of the Wells circuit court Monday morning and are as follows: Wells Newhard, Union; Harry Dushman, Lancaster; Christy Stogdill, Harrison; W. H. Lesh, Jefferson; J. W. Beavens, Jackson; Jacob A. Warner, Nottingham; Ted W. Lydy, Lancaster; and Stephen Cotton, Union. The jury is to report for duty November 20.

Court House Chilly.

The court house was a chilly place Monday morning when Custodian Sam Stout had to let the fire die out in the furnaces for lack of coal. Four carloads arrived in the city Sunday and it is thought the court house will get some of this.

Mrs. Martin Baker Dead.

Mrs. Martin Baker, 70, sister of Oscar Noo and Mrs. C. H. Cooley, of this city, died at her home in Warren Sunday at 3:30 o'clock. Her death was due to neuralgia of the heart.

Craigville Woman Dead.

Mrs. I. D. Bright, of Craigville, passed away at 8 o'clock Sunday morning at the family home. She was 33 years of age and her death was due to hemorrhages.

Steal Ton of Coal.

Three men helped themselves to about a ton of coal from a car in the Lake Erie yards early Sunday morning. The men told the police they had tried to buy coal at every dealer in the city but were unable to do so and were entirely out of fuel. They offered to pay for the coal they took and it is not thought charges will be filed against them.

country's fighting men. We shall have no escape from these duties while the war goes on. More and more the armies at the front will stand in need of the support that only the people of the nation can insure them. Whatever can give better spirit to our soldiers, whatever will add to their comfort and contentment, whatever will promote their health and enjoyment, whatever will do even the least of things to prevent waste of life or to ease suffering, whatever will accomplish in the smallest measure an advancement of our cause in the war and make victory more certain and bring it nearer, whatever will work to the end that no sacrifice of blood shall have been in vain, that let us do—each of us and all of us.

Give and be ready to give now and on and on until the war be won and the great goal that lies across and beyond the sodden fields of death be ours and all humanity's henceforth.

## MUST WIN SECURE PEACE.

Addressing the delegates to the American Federation of Labor convention in Buffalo, Monday, President Wilson reiterated what he has said many times in declaring that this war must go on until the menace of Prussian militarism has been crushed.

Any other outcome of the great conflict would make our part in it a stupendous folly, a vast and tragic futility. We entered the war when the door to every honorable alternative had been closed. Now that we are set out upon the task of making the future secure for our nation nothing else and nothing less than complete security can be held to have answered our purpose in the war. Nothing else and nothing less can be a requital of the sacrifices we are making and shall make.

As matters stand today, the primary objectives of the German government in launching this criminal conflict upon the head of all mankind have been attained. It has consolidated a broad zone from the Baltic to the Dardanelles. Mittel Europa, the dream of Pan-Germanism, is achieved. If Germany could today force or cajole or trick her enemies into a peace without indemnities and annexations, but a peace that would not disturb what she has accomplished, she would be compensated. It would clinch and secure what she wants. Austria's independence is gone. Turkey and Bulgaria are as completely German as though won by the sword. Germany has established the foundations of her world empire if what she now has be allowed her. A generation hence she will be able to launch a new war and complete the realization of her dream of conquest of the world.

President Wilson made that clear to the delegates of the labor convention. There can be peace now only at the expense of the future. Prussian autocracy and Pan-Germanism have abated nothing of their ponderous ambition. They must be smashed and America must stay in the war until they have been smashed. There can be no security for us nor for the free world except that they be smashed.

Americans should realize this. The fight is for the whole future, for the entire destiny of the United States of America. This war might easily be brought to a close with the appearance of a reasonable peace, but it will be a devil's truce. Until lust of war and conquest that consumes the military autocracy of Prussia, the insane ambition of the paranoiac kaiser and the brute selfishness of the junkers have been mortally bruised under the heel of Liberty there can be no peace nor thought of peace.

It will be a fatuous trust to place confidence in any pact with the ruling powers in Germany. It will give the world but an armistice, not a real peace nor any guarantee of peace. The test between two great diametric principles for mastery in the world, as President Wilson has so well said, is now on and it ought to go on until the issue be determined now and for all time.

The reports that reach the state council of defense from almost all sections of the state bear information of the activity of enemy propaganda. Look out for it, listen for it and take note of those who are spreading it. It is well to know who is for and who isn't for the country in this war. I. W. W. anarchists and pacifist pests are merely one or two kinds of anti-American elements. There is another and more insidious and dangerous kind. The anarchists preach enmity to order. The pacifists preach foolishly and impossible peace. The other kind spreads poison.

Russia continues to struggle with herself and may win out yet against the weakness of soft dreams of an Utopian brotherhood, the intrigues and the gold of the kaiser and the natural born devilishness of the violent school of anarchists that altogether are besetting her pathway to established order and constitutional liberty.

There is not great length of surcease between 'em. Congress will assemble in about three weeks and then—but why worry? The constitution provides for it and there's no

"Face, please! All the glad ones, and the sad ones; all the good ones, and the bad ones—get on here!"

THE THREE-CENT STAMP.  
So here you are once more, old stamp,  
All ready for your task;  
You sprang, as by Aladdin's lamp,  
Almost ere we could ask.  
For thirty years and odd, your place  
Has not been in the sun;  
But now, we'll lick YOU, purple-face,  
And let you lick the Hun!

Another did your routine work,  
And carried well your load;  
He never failed nor tried to shirk  
Along your busy road—  
A million times, a million ways  
That endless task was done—  
But now, we'll lick YOU, purple-face,  
And let you lick the Hun!

Somehow it seems as if you come  
When calls our nation's life—  
You stick while rolls the battle-drum,  
You hold while shrieks the life.  
In happier hours and brighter days  
Another has the fun—  
But now, we'll lick YOU, purple-face,  
And let you lick the Hun!

You bear strange messages these times,  
Brave laughter and quick tears—  
The soldier's hope, the sailor's rhymes,  
The mother's endless fears.  
The two-cent stamp was full of grace,  
Light errands it could run—  
But now, we'll lick YOU, purple-face,  
And let you lick the Hun!

A little heavier your hand—  
Our purse you seem to clutch—  
But, since you serve our blessed land,  
We shall not mind your touch.  
The Kaiser must not win the race,  
You ward off Washington—  
Come, let us lick YOU, purple-face,  
Then you go lick the Hun!

your homes—now you have a chance to help the Y. M. C. A. do it for you in the camps and right on the firing line."

This is the way Charles S. Ward, campaign director, presents the canvass for the \$5,000,000 Y. M. C. A. fund for war work. The drive to raise this fund begins Nov. 11 and closes Nov. 13. It will reach every American hamlet.

"This is not a Y. M. C. A. fund," said Ward. "The Y. M. C. A. is acting as your agent in taking your help to our soldier boys. And as America's forces go more and more onto the firing line it becomes truer and truer of every American home that some worn and weary soldier boy is knocking at its door as truly as if his arm reached across the sea and his fist actually pounded there."

## NOTED ANTHROPOLOGIST SAYS WAR MAY IMPROVE NOT HURT HUMAN RACE

By L. HARPER LEECH.

"Just let us win. The race is safe." This is the answer of one of the world's greatest authorities on man breeding to the fear that the loss of many brave youths on the battlefields of Europe will result in a physical and mental deterioration of the American race.

Dr. Ales Hrdlicka, curator of the division of physical anthropology of the United States National Museum, believes the war will have so many compensations in the way of race betterment that the losses, the shattered constitutions, exposure, wounds, strains and diseases contracted by the soldiers will not leave any disastrous mark on the next generation.

Four great vital laws working to protect the race from the consequences of war are elimination, adaptation, restitution and compensation.

"These laws have taken care of war-ridden mankind in the past and can safely be expected, with intelligent assistance, to accomplish even more in the future," says Dr. Hrdlicka.

The elimination of the unfit and their progeny will, of course, be intensified by the war, to the benefit of the race. This law is always working, and remorselessly, despite the hindrances of civilization.

The large majority of the injured will be curable. Blinded or maimed men do not transmit their defects to their progeny. This class of men will not diminish the standards of the next generation.

Those actually killed with not be a total loss in many cases. Soldiers slain on the battlefields will leave many representatives in the next generation.

The attraction of women to the soldier, and "war weddings," show nature's providence in this direction.

"The fighting races don't die out," is a poetical statement of a scientific law. So much for the adaptations and the restitutions, the compensations are so many that the war may prove a blessing in disguise if full advantage is taken of them.

"The war has given the greatest impetus to the struggle against alcohol-

ism, man's greatest enemy. Could we determine the full biological value of this accomplishment alone, it would possibly be found to equal the total war loss in human material," says Dr. Hrdlicka.

The war has given us our first survey of the physical condition of our young men in the examination of recruits and selected men. It has led to the correction of hundreds of thousands of physical defects.

It has brought about the immunization from typhoid of hundreds of thousands of young men who would otherwise have been carried off by the disease.

"It has led to the physical training and building up of hundreds of thousands of young men who, as a result, when peace comes, will make better husbands and fathers. It will lead to the training of untold thousands in the future, for this nation will never again permit itself to be unprepared for self-defense.

There are other compensations than the physical. There is the intellectual stimulation, the social and national regeneration, the raising of the nation from an isolated and somewhat selfish condition to a world power in the best sense of the term and for the best interests of humanity.

"There are little people who will see, will want to see, nothing but losses and sufferings; there are well meaning patriotic men who fear the effects of the losses on the American people; but it is possible to view conditions from a higher horizon.

It may not even be true that our best will be killed off.

Bullets make no selection, but still the brave man, as the most brainy, has a better chance to survive than the dullard or coward.

"Neither is it full truth that the poorest men physically are left at home; and there is no proof that under the present regulations for admission into the army any nationality or class of men in this country is favored at the expense of the older stocks of Americans."

## THE SECOND DRAFT CALL.

(Indianapolis Star.)

It is a heavy task that the president lays upon the selection boards under the second draft call. As he says very truly, their labors will be increased ten-fold over that involved in the first call. What they must do is to classify the men registered as of draft age so that it may be determined where they can best serve their country—in the ranks as soldiers, on the farms or in skilled work needed by the nation in other lines.

The operations of the draft under the first selection caused dissatisfaction on this ground, that many men were taken who were greatly needed for the interest of the public in the work that they had been engaged.

Farmers, for example, were hampered by the drafting of their sons because of the shortage of farm labor, while at the same time they were urged as a patriotic duty to increase their acreage of cultivation. In many other directions men of special qualifications were taken whose services would have been more valuable elsewhere than in the army.

The selection boards were not authorized to grant exemptions in such cases as would have been proper. The error in this matter has been realized, however, and it is seen that the exemption list must be larger as a matter of national welfare. Men must be placed where they are most needed. But it will be no easy matter to make these decisions and a great responsibility will be placed on the boards.

Certain instructions and specifications will of course be issued from Washington as a guide, but very much must depend upon the individual boards.

The president rightfully calls upon all citizens to promote the smooth workings of the second draft, but he especially looks to the legal profession to assist the boards as impartial advisers and in many cases the legal aspects will be more important than medical examinations. With all the defects of the machinery, the first draft went through with remarkable smoothness, and with improved methods the second will no doubt be operated as well. The people know now what is before them and are ready to do their part.

## HOW BRITAIN DEALT WITH THE RAILROAD PROBLEM WAR MAKES

By BASIL M. MANLY.

Everybody in Washington and many throughout the country are taking it for granted that the Interstate Commerce commission will speedily grant substantial rate increases to the railroads as a result of the hearing now taking place.

There are, however, far-seeing individuals, even among railroad executives, who view the granting of flat rate increases to all railroads of a district, because of the needs of the weakest and least efficient, as part of a vicious circle resulting inevitably in national disaster.

This is the vicious circle: The railroads show that the weakest and least efficient roads are so hard hit by increased labor and supply costs that they must have higher rates to keep them in operation. The commission, convinced that every road must be kept going during the war, grants an increase. The freight rate increase is added to the cost of everything that goes over the rails; there is another jump in the cost of living; railroad labor demands and gets wage increases to maintain the standard of living; railroad supplies increase in price—and the railroads are back again asking for higher rates. The merry-go-round starts all over again, with the people furnishing the steam that makes it go.

In the meantime the strong, efficient roads, which receive exactly the same rate increases as the weak and badly managed roads, grow rich. Erie net earnings are off nearly six million dollars for nine months. It is true, but everybody knows what is the matter with Erie. On the other hand, Illinois

Central is running nearly three millions ahead of its banner year's net earnings. St. Paul is nearly four millions ahead. Southern Pacific is seven millions ahead, and Southern Railway is more than a million ahead.

This vicious circle must be smashed. But how? Government ownership seems to be out of the question as an immediate measure, for a dozen reasons, financial and political.

Great Britain furnishes the solution, and has given a three-year practical demonstration of its efficiency. Here is what that country did in the first month of the war:

Assumed absolute control of all British railways; consolidated them into a single system; placed the management in the hands of the ablest railway executives; guaranteed the stock and bond holders the same dividends and interest as paid in 1913; undertook all capital improvements necessary to make the roads efficient, which the roads will repay if and when they return to private control; abolished all charges for military traffic so as to avoid unnecessary bookkeeping; put all employees in government service, and made provision for automatic increases in wages so as to maintain the standard of living unimpaired.

As a result, we are officially informed:

"The volume of traffic handled by the British railways has been at least 50 per cent in excess of that carried during the busiest years previous to the war, in spite of the fact that about 150,000 railwaymen—35 per cent of the total staff—have joined the colors."

More than that, it broke the vicious circle that is so large a factor in high cost of living in America; abolished strike agitation; insured the maximum efficiency in handling all military traffic; and at one stroke solved the railroad problem for the duration of the war.

## Y. W. C. A. TO BUILD HOSTESS HOUSES

Allen County Has Pledged to Raise \$15,000 for This Work Next Week.

The Y. W. C. A. will start a campaign in Fort Wayne next week to raise their share of the \$100,000 which the Indiana Y. W. C. A. has promised to raise. The money is to be used in erecting hostess houses at the various army cantonments to provide better accommodations for the girls and women about the camps. The houses will also be used as meeting places between soldiers and their wives. These houses are being built only where they have been requested by the government. In many places they have not been able to supply the demand because of a lack of money, and it is for this reason that the present campaign is being waged.

Why should the Y. W. C. A. conduct hostess houses in the military training camps?

The answer is found in the attitude of the federal government concerning the spirit it hopes to have prevail in these centers. That attitude is expressed by the Federal Commission on Training Camp Activities as follows: "It is the belief of the commission that a purely negative policy as regards conditions outside the camps would fall very short of meeting the needs of the situation. The underlying cause of the obvious evils which have attended the establishment of training camps in this country and in Europe—the real disease of which these evils have merely been the symptoms—has been the result of cutting off the men in camps from normal social intercourse and recreation, and especially of the breaking off of those relations to home and friends, to church, to employment, to social and business associates and to the other sex, of which a normal and healthy life so largely consists."

"These camps are national universities—training schools to which the flower of American youth is being sent—and it is by their results, not only in technical military efficiency but in those qualities on which military and all other efficiency in the long run depends, that they must finally be judged."

"As to the means by which this positive good is to be accomplished, they are many and various. Perhaps the most important single method is in keeping alive the link between the soldier and his home. It is said that during the Civil war the two great influences in keeping the men well were singing and letters from home. Better even than letters from home will be, where it is possible, the actual presence near the camps of the soldier's family."

In spite of this constructive attitude toward the social life of the camp, it is impossible for the government to provide for such a specialized need. It is therefore asking the War Council of the Y. W. C. A. to erect and conduct hostess houses within or in the immediate neighborhood of the cantonments which will serve as the one center of "home life" available to all the men of the camps.

A number of these houses have already been built and many are in the course of construction, and it will be up to the people of Fort Wayne, or Allen county, or Indiana, and the United States to help the women in the part they are planning to take toward doing their bit in the present world war.

## SERVICE MARK FOR BRITONS.

London, Nov. 13.—British soldiers who have served in the great war will henceforth bear a distinctive mark of their service on their uniform. The war office announces that a chevron stripe will be immediately issued to every soldier who serves overseas in a theatre of war. Soldiers whose service dates back to 1914, will be given a red chevron, and those whose service began after that year will get a blue stripe. An additional blue stripe will be awarded for each aggregate of twelve months' service. The new stripes will be worn by officers as well as privates.

A twenty-acre tract of land has been obtained for a boys' school at Guatemala City, Central America.

DR. THOS. G. HULL.

Dr. Hull puts food under the magnifying glass, not because it is short, or to make the supply look bigger, but because he is a food scientist. He will plan and direct the exhibits of the food administration will display in all parts of the country.

## DOCTORS ARE BOOSTING IT

Still the good work goes on, soon there will not be any more tired, nervous people in our city.

This is caused largely by the widespread use of Phosphated Iron, the new tonic and nerve bracer that has sprung into instant popularity with the medical world.

Phosphated Iron will help any run down, nervous condition almost immediately. It will put fresh iron in the blood, the phosphates taking hold of the nerve centers and bracing them up. You will eat better, sleep better and get up in the morning feeling like doing things; you will feel the old-time vim and snap of youth surging through your veins; you will tackle the day's work with confidence and a smile.

Science has taught us that when we have enough Iron and Phosphorus in the blood and nerves we are healthy; that almost all conditions of ill health and nervousness are due to the lack of Iron or Phosphorus. Phosphated Iron rarely fails to supply the needed amount of both.

Use Phosphated Iron one week and you will forget you were ever nervous, tired out and run down, you can feel it taking hold.

Special Notice.—To insure physicians and their patients receiving the genuine Phosphated Iron we have put up in capsules only, so not allow dealers to substitute pills or tablets; insist on the genuine, in capsules only. For sale in Fort Wayne by Meyer Bros. four stores; also D. & N. Pharmacy.—Advertisement.

Mrs. W. W. Bogart is entertaining the bridge club to which she belongs, this week.

Misses Gladys Ruppel and Ruth Blackwell have returned from a visit in Lafayette.

Miss Margaret Whistler, of Decatur, who had been here visiting friends, has returned home.

Miss Helen Stillman, of West Taber street, has gone to Mt. Clemens, Mich., for a week's stay.

Mrs. C. A. Widner, of McClellan street, is entertaining her daughter, Mrs. S. Z. Davis, of Toledo, O.

Mrs. E. M. Blackwell has gone to New York and from there will proceed to her home in Cuba.

Mr. and Mrs. A. D. Stewart, of East Williams street, are planning to spend the end of the week in Battle Creek, Mich.

Mrs. C. B. Brower, of 502 West Jefferson street, will be hostess tomorrow for a meeting of the Dywylid club.

The members of a bridge club to which Mrs. E. H. Moreland belongs were entertained by her on Tuesday afternoon.

Mrs. G. D. Johnson and son, Dale, have returned to Lima, O., after visiting Mrs. L. G. Morey and daughters, of West Berry street.

Miss Irene Schaefer gave a recent theatre party in honor of Miss Helena Hart, of Saginaw, Mich., who is visiting Miss Ada Kemp.

Mrs. S. B. Bechtel is visiting Mrs. George Noll in Toronto and plans a trip to Pittsburgh and New York city before she returns home.

The Navy League knitters' headquarters, 220 West Berry street, request all who have garments finished, to hand them in at headquarters as soon as possible, as a consignment is to be sent away soon.

Mr. and Mrs. A. J. Emrick and Mr. and Mrs. Charles Kresse observed anniversaries of their weddings at the home of Mr. and Mrs. Emrick on Saturday evening. Dinner was served at 8 o'clock.

Miss Anna Lowry left today for Beloit, Wis., where she expects to remain all winter with her nieces, Misses Eleanor and Lida Brannon, and their father, Dr. M. A. Brannon, president of the college.

The members of the Ladies' Hebrew Benevolent association, all of the Temple Sisterhood and all of the Council of Jewish Women are cordially asked to meet in Standard hall on Thursday afternoon at 2:30 o'clock, to sew for the Red Cross.

Mr. and Mrs. John Stillman, of West Taber street, entertained a company of thirty-five employees of the Grand Leader store at their home last evening and everyone present had a delightful time. A musical program was a part of the pleasure preceding the serving of a buffet luncheon. Contributing to the musical program were Misses Marie Hinhert and Esther Jacquay and H. P. Corvieu.

Mr. and Mrs. F. J. Vessel, of 2325 Chestnut street, had as their guest for the last few days C. M. O'Donohoe, of the United States navy. Mr. O'Donohoe, who is a sailor on the U. S. S. Charleston, became acquainted with Mr. Vessel while the latter was making his home in Detroit, Mich., about two years ago, and since then they have been very close friends. Mr. O'Donohoe arrived quite unexpectedly on Friday evening and left this morning for Detroit, leaving from there to again resume his duties.

Mr. and Mrs. Henry F. Thumm, of White Bluff, Wash., who have been spending the last ten days here visiting relatives, will extend their trip to Springfield, Pa., where they will visit with Mrs. Charles Ullinger, a sister to Mrs. Thumm. From that point Mr. and Mrs. Thumm will go to Boston, Mass., where Mrs. Thumm's relatives reside. This is the first visit of Mrs. Thumm to her home town in ten years and she expects to remain there all winter and return west in the early spring. Mr. Thumm will remain in Boston about three weeks and on his return trip will stop off here for a couple of days' visit. The visitors here were guests of Mr. and Mrs. Stephen Young and Mr. and Mrs. George Thumm, of the Lincoln highway. Mr. Thumm has traveled extensively and is a most interesting guest to have.

Needlework Guild Notes.

The parlors of the First Presbyterian church are a busy place just now as the round-up of the Needlework Guild is being held. Thousands of garments are collected and are being arranged and designated for distribution. The annual meeting will be held this evening and all garment members are requested to cast their votes for officers early. Three ten minute talks will be given, one by Prof. Arnold, of the Nebraska school, the other by Mrs. Winter, matron of the Reformed orphans' home.

DRESSES FOR SCHOOL GIRLS.

Ora Cuo Gives Practical Demonstrations of Reasons for Saving.

The girl students from the high school, St. Augustine's academy and St. Catherine's academy who heard Ora Cuo's talk and demonstration in the high school auditorium on Monday afternoon, gained much of practical and patriotic incentive to help themselves as well as their country. First, because Mr. Cuo demonstrated how to make a school dress both practical and stylish and how to use a yard of material about eight inches wide in fashioning it into a scarf, a cap for skating or riding or just a headdress for other purposes. Second, because Mr. Cuo gave reasons for saving wools, knitted color materials and some silks for the use of the government, and lastly because he made by suggestion a sensible plea for a uniform manner of dressing in school so pupils of limited means might at no time feel unhappy over comparison with clothes of their richer but no less worthy companions.

Mr. Cuo was highly entertaining aside from the making of the dress from three and a quarter yards of material. One such dress was finished and had been made by Miss Marie Umbach. Miss Marcelle Druhot was the model and her modest and unconscious manner was no small part of the general attractiveness of the demonstration. Mr. Cuo has a fund of information concerning materials, as well as styles, which his many trips to Paris and his many years of experiences in millinery business have familiarized him with. He speaks with the authority of

one who knows and he held the attention of the audience considerably over the time he had intended to talk. The dress design was cut and made and the girls were quite delighted with it. The substitute for a graduation cap instead of the mortar board style evidently caught the fancy of everyone and there was much satisfaction in hearing that the design would appear in fashion magazines. Mr. Cuo told of the 100 shades of color adopted by manufacturers in this country and of the success America is making in dyes, of which some 30,000 tones were used this year in the United States.

HAT OF KNITTED RIBBON TAKES 140 YARDS TO MAKE

At the precise moment that the command is issued to reduce the measurement of every new frock for the coming season we are confronted with a hat of knitted ribbon to make it.

Just think of it! One hundred and forty yards to fashion an amusing fancy for resort.

It may be as well to add that the ribbon chosen is satin, as a rule, and it is knitted into shape according to the latest whim of Dame Fashion. These hundred and forty yards of ribbon, however, will not run the risk of compromising either the resources or the future of our country, for many young coquettes find amusement in welding this fascinating type of headgear into shape by their own agile fingers. For sport and country wear the vogue for crocheted or knitted

Fine to Shelter Evening Toilette

Theater and dancing engagements make an evening coat an essential of the society woman's wardrobe. The attractive model shown in the photograph is unusually handsome and rich in effect. The coat itself is of a material called panamee, a sort of silk velvet with a slightly corded effect. The cape collar, cuffs and band at the bottom of the coat are of kerani polar bear. Where the fur joins the material at the back the points which seem to have been the first idea of the designer are blunted by an overhanging triangle of the velvet ending with a huge tassel of silk and chenille on which a few large pearl beads are threaded.

READ THE NEEDS OF SUFFERING FRANCE

French Woman Prominent in War Work Interviewed on the Subject.

By GEORGE SAINT-ARMOUR.

Cleveland, O., Nov. 13.—"The needs of France!" exclaimed Madame Ma-

thilde Archinard, "it would take a week to tell them and a book to print

them. But France does need above all other things:

"Clothing."

"Food—food—food."

"Money—to help her rebuild as she and her brave allies drive the Boches from her territory."

"I visited the French front immediately after the battle of the Marne. Your ambassador helped me get permission. It was difficult. I was the first woman."

"Ever since I have been working for France, for Belgium, for humanity. I have helped establish schools to teach French. I myself am teaching young American officers and privates to speak French—a working French, as you would say, m'sieu, so they will be happier and better able to take care of themselves when they reach France—and are wounded, perhaps."

"I want these big strapping American boys to be able to tell a French peasant who runs across them, what they need."

"And if they can make known their wants, they will want no more—for France appreciates the beautiful spirit of America."

"Yes, m'sieu, we appreciate it, we French people, and we will help America, when the day comes. Tell America to help us get modern farm machinery—farm tractors, your great reapers and binders, your plows that plow three, five, ten furrows at a time. For we in France have not quickly adopted the new farm ways—we are too old and conservative, I guess."

Madame Archinard laughed. "You think it is funny to speak of French people as 'conservative,' do you not?" she asked. "They are conservative in everything—but fighting! The hated boches should be so badly beaten that they will become a fifth-class nation," said the fiery little woman, who is only a little more than four feet tall, but who has the energy of a small Corliss engine.

## How ANY WOMAN MAY READ HER OWN FUTURE

Why let your face become wrinkled, careworn and old? It's so easy to keep the skin and complexion clear, fresh and youthful looking.

Before I knew how to keep myself looking young and attractive at age when most women appear wrinkled and old, I endured all the sharp pangs of neglect from the very ones whose admiration I was most anxious to retain. How a woman is handicapped the moment youthful freshness and beauty have gone! Unless she can ward off the tell-tale marks of age, so destructive to fascination and charm, her future is bound to be one of disappointment and keen regrets. Not judging from my own experience, I can see no reason why any woman should not regain the clear, velvety smoothness of her skin and look five to fifteen years younger by means of the same simple recipe which I used with such great success myself. Not only has it dispelled every sign of wrinkles, sallowness and complexion blemishes, but my skin has become so firm and beautiful that I no longer worry about the effect of the passing years.

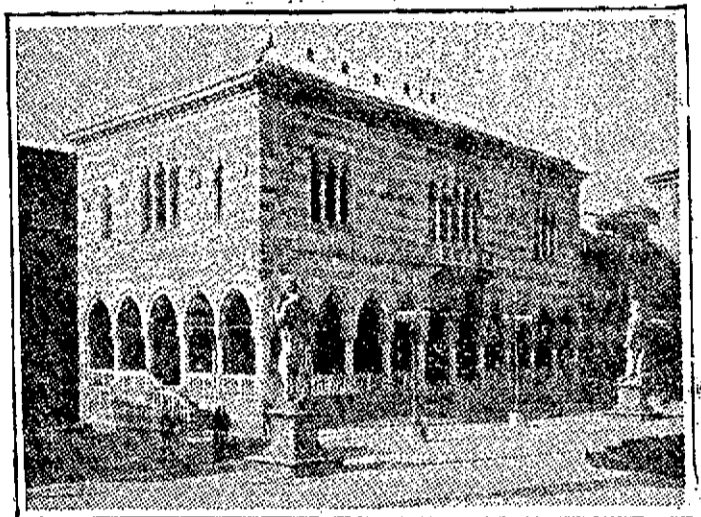

At night I simply wash my face with ordinary buttermilk and rub in a teaspoonful of pure roseated cream. When my face was badly wrinkled, I used Japanese Ice Pensils in connection with the roseated cream, and obtained quick results on even the deepest wrinkles of long standing where everything else had failed. To correct all appearance of a shiny nose, enlarged pores or oily skin I found the application of a little Poudre Petalins most marvellously increased her beauty.

Pure roseated cream—Creme Tokalon Roseated—which is mentioned in the above article, is guaranteed by its manufacturers to banish complexion blemishes and make any woman look years younger and far more beautiful in ten days' time or the price paid will be refunded. The following local merchants state that despite the war they can supply these French created products. Meyer Bros., Dreier Drug Co., Wolf & Dessauer.

## THERE ARE PLenty OF FINE OFFICE SUITES IN THIS BUILDING TO LET

For the benefit of those who can't find office rooms in overcrowded Washington, it may be mentioned that there are plenty of vacant suites in this handsome building. It is the city hall at Udine, a marble palace built in the fifteenth and sixteenth centuries, but the Italians aren't doing much city-halling in it since the Austrians came down like the wolf on the fold.

But France does need above all other things:

This lovely cluster of narcissus blossomed Christmas from bulbs planted Thanksgiving Day.

BY BIDDY BYE.

Blooming flowers have become almost as much a part of Christmas decorations as the familiar holly and mistletoe.

Most of us plan to have a bit of living fragrance for our Christmas dinner tables, and more and more blooming pots and bowls of flowers become popular as gifts among friends.

Plants or cut flowers from the hot houses are rather expensive, but there is a satisfactory and inexpensive way of obtaining as many of these flowery offerings as one desires by the simple process of planting the bulbs in time for the full miracle of bloom to unfold at Christmas.

The time to plant your Christmas bulbs is now or not later than Thanksgiving Day.

The beauties pictured here were planted on Thanksgiving day last year and photographed on Christmas day. They were planted and tended by a man who has made bulbs and seeds his business for 25 years. He has done much experimenting in the growing of bulbs and here, in his own words, is the gist of his experience.

"I found that growing lily bulbs buried in the water and gravel got the best results. After you once cover the bulbs with water you must never let them be out of the water, not even for a minute. If the water in the bowl gets stagnant and has to be changed

you must hold the bowl under the faucet and WASH the old water out and the clean in so that the roots will never be uncovered.

"The bulbs ought to stay in a cool, dark place for a week or ten days after planting and then be brought to the light."

The bulbs which lend themselves best to water culture are the large flowering paper white narcissus and the Chinese sacred lilies.

For your Christmas posies it is best to place the narcissus bulbs, from three to a dozen, according to the size of the container—in a glass bowl and cover them with a quart or less of pebbles for support. The bowl should then be filled with water and set away in the dark.

Roman hyacinths, the sort with the delicate fragrant white bells, are also suited to house growth and are easily forced for Christmas. They should be planted very close together in a shallow pot, a week or two before Thanksgiving, if possible. Under the bulbs the soil should be loose, a little leaf-loom is good, but the soil should be rather closely packed over the tops, only the center of each bulb being left out of the ground. Plunge the pots up to the rims in water for fifteen minutes and set in the dark for two weeks, watering thoroughly once each week. They grow best in a temperature of 60 degrees.

## WHITLEY COUNTY DRIVE FOR Y. M. C. A. FUND

Rev. O. E. Tomes, Ft. Wayne, Assists in Campaign of Neighbors.

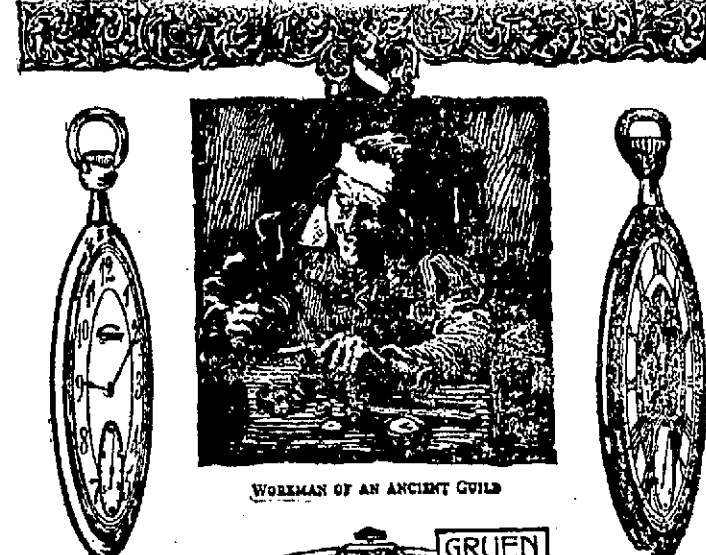

Columbia City, Nov. 12.—At 4 o'clock Monday afternoon, with details of men working every township in the county, Rev. L. A. Luckenbill, county chairman of the Y. M. C. A., reported that over \$300 had been reported in from the nearest and most convenient districts. Outlying men had not sent in their reports, and it was freely predicted that when the day's total, representing the initial

stroke of the big drive, was totalled Tuesday that it will run over \$2,500. The big drive was perfected by meetings held all over the county during the past week, and closing Sunday afternoon with a big county meeting, held in the Commercial club hall, and addressed by Rev. O. E. Tomes of the West Jefferson Church of Christ, Fort Wayne, and by Private Edgar M. Lorber of this city, sent from Camp Taylor, Ky., to represent the government in the big county drive. Chaplain A. D. Sutherland of the United States regular army, was also present and told of the good done by the Y. M. C. A. in keeping up the moral standard of the soldiers. The address of Rev. Tomes was full of earnest vim and fire and his listeners were continually "on their toes," as he took them from one scene to another, painting various pictures of the war, and pointing out the path of the Y. M. C. A. through it all.

**New City Marshal.**  
Mayor-elect John W. Baker announced Monday that Logan Staples, at present proprietor of the Tri-Lake resort, will be the new city marshal when the new city administration goes into office January 1, 1918. The announcement was made late Monday afternoon. Mr. Staples served two terms as sheriff of Whitley county, being re-elected by over 800 votes—the largest majority ever given a republican candidate in the county and his unfailing popularity and congeniality will make him a splendid officer for the place. Mr. Staples will move his family to Columbia City soon and he

## WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of Danderuff, at any drug store for a few cents, pour a little in your hand and rub well into the scalp. After several applications all dandruff disappears and the hair stops coming out.

## Sign Your Country's Food Pledge—This Is It:

CUT OUT CAREFULLY ALONG THIS LINE

### Pledge Card for United States Food Administration

If You Have Already Signed, Pass This On To a Friend

TO THE FOOD ADMINISTRATOR:

I am glad to join you in the service of food conservation for our nation and I hereby accept membership in the United States Food Administration, pledging myself to carry out the directions and advice of the Food Administrator in my home, in so far as my circumstances permit.

Name \_\_\_\_\_

Street \_\_\_\_\_

City \_\_\_\_\_

State \_\_\_\_\_

There are no fees or dues to be paid. The Food Administration wishes to have as members all of those actually heading food in the home. Anyone who has the Home Card of Instruction, but only those "living pledges" are entitled to the Membership Window Card, which will be delivered upon receipt of the signed pledge.

Out this out carefully and send it to the Federal Food Administrator, Room 20, State House, Indianapolis, Indiana. Do not send it to Washington. Send it to Indianapolis. This is the same as the pledge card, and just as official. Do not sign this if you have signed a pledge card. Do not sign a pledge card if you sign this. When you send this in, with your name and address, you will be sent free: (1) a handsome three-colored window membership card to show that you are trying to live up to the suggestions of the food administration at your house; (2) an interesting and valuable book of suggestions and recipes, entitled "Ten Lessons on Food Conservation"; (3) a wall card to hang in your kitchen, entitled "The Kitchen War Creed," to show you how you can help win the war in your own kitchen if you wish. And the food administration will mail you other helpful things later, perhaps. To sign this card is a patriotic privilege. It will make you a leader in your neighborhood in the task of saving certain foods for our soldiers and our allies. Sign this card. Show Mr. Hoover you are with him. Hang out your window membership card when it comes. Read the interesting literature that will be sent you. The government is not going to ask for your canned goods or for anything else, because you sign this card. You incur no obligations. You merely promise to study the problem of "food saving to win the war" and do what you can to help.

## BRITISH AND FRENCH IN BALKANS TO STAY

Immense Stores of Supplies Are Assembled at Base Near Saloniki.

Saloniki, Oct. 10.—(Staff Correspondence of The Associated Press.)—There are 70,000 fire sufferers camping out in tents in and around Saloniki, with the British and French military authorities and the American Red Cross taking care of them. A tour of these relief camps gave an opportunity to see the extent of misery and want of these poor people, and the efficient relief work being done, chiefly by the British, as they have the largest stock of available supplies, with the Americans and French also doing their share.

The Bulgarian camps, where 2,500 people are being cared for by the British and the American Red Cross, was the first one visited. It is two miles back of the city, on rising hills, which the Bulgars thought to take when they made their first rush on the city.

On the way to the camp we passed the British supply base, and had an opportunity to see the vast reserves the British have laid in, in ammunition, food and charcoal for the cold months ahead. Nothing could have shown more clearly that the British, like the French, are here to stay. In munitions alone the stacks of shells extended for a mile along the road, and as far back as the eyes could see. In the engineering park there were acres of wire, curved steel trench covers, and lengths of narrow-gauge railway, ready to put together, as children construct a toy railway. The stock of charcoal being laid in is prodigious, for there is no intention that the Tommies shall again be cold while in their trenches and dug-outs. Endless trains of pack mules and camions circled through this supply base, with the bustle and roar and overhanging cloud of dust of a colossal enterprise.

At Camp Dubular, where the refugees are quartered, a city of white tents spread out for half a mile over the level plain. They were the regulation British army tents, drawn from the big reserve base. They were laid out in regular streets and cross streets. Everything was scrupulously neat, with British soldiers on guard to see that order and proper sanitation was maintained.

"We have to do it all ourselves," said the commanding officer of the camp, "for singularly the refugees refuse to do a stroke of work for themselves."

## EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If Feverish, Bilious, Constipated, Give Fruit Laxative at Once.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup. Advertisement

## BATTLE WOMEN: CAPTURED ON TURE.

London, Nov. 13.—Racehorse nomenclature is peculiarly sensitive to current events. Horses are named largely after events or people who are in the public eye at the moment. The war has had a marked effect in this respect. The racing at Newmarket this week, for example, was featured by horses bearing such war names as Armageddon, Verdun, Bapaume, Jutland, Grand Fleet, Home Service, Entente Cordiale, Big Push and Dawn of Peace.

The movement of merchandise between Alaska and the United States reached its highest record in the fiscal year ending June 30, 1917, aggregating practically \$100,000,000 in round numbers. The exact figures are \$99,765,908 in 1917, exceeding the trade in 1916, the previous high year, by \$23,250,000, and more than double the trade in 1915, which amounted to \$48,702,387.

## Sarah Bernhardt "THE DIVINE SARAH"

The World's Most Noted Actress

Sends Nuxated Iron To the French Soldiers to Help Give Them Strength, Power and Endurance

General Gibson Says It Should Be Used By Every Soldier Who Goes to the Front—That He Himself Is Hale and Hearty In His 91st Year, He Attributes Largely To His Recent Use of Nuxated Iron.

Remarkable experience of Dr. James Louis Beyea who, at nearly 80 years of age, obtained astonishingly increased strength and renewed energy with a short course of this remarkable product.

What every soldier most needs is tremendous "stay there" strength, power and endurance with nerves of steel and blood of iron. To produce this result, there is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron, says Dr. James Louis Beyea, former medical college adjunct professor and army surgeon. A large quantity of this valuable product was sent to the French soldiers by Mrs. Sarah Bernhardt, who has taken it herself and prescribed it for her patients and some of my old comrades in arms, with practically unfailing results. It certainly puts the "zip" of life into the blood.

If General Gibson's advice were followed and every soldier who goes to the front carried a package of Nuxated Iron in his kit, I am sure that the men would not only be better, stronger fighters, but that we would have far less sickness in the army and much less work for the Red Cross and army hospitals to do. Notwithstanding the fact that I am nearing my 90th birthday, a short course of Nuxated Iron has made me feel like a new man, giving me astonishingly increased strength and renewed energy.

General Horatio Gates Gibson says Nuxated Iron has brought back to him in measure that old buoyancy and energy that filled his veins in 1847 when he made his triumphant entry with General Scott into the City of Mexico and that he attributes the fact that he is hale and hearty in his 91st year, after an active military life with service in both the Mexican and civil wars largely to his recent use of this wonderful product.

Another remarkable case is that of General David Stuart Gordon, noted Indian fighter and hero of the battle of Gettysburg. General Gordon says: "When I became badly run down this year, I found myself totally without the physical power to 'come back' as I had done in my younger days. I tried different 'so-called tonics' without feeling any better, but finally I heard of how physicians were

widely recommending organic iron to renew red blood and rebuild strength in worn-out bodies. As a result, I started taking Nuxated Iron and within a month it had aroused my weakened vital forces and made me feel strong again, giving me an endurance such as I never hoped to again possess.

Former Health Commissioner of Chicago, Wm. R. Kerr said: As Health Commissioner of the City of Chicago, I was importuned many times to recommend different medicines, mineral waters, etc. Never yet have I gone on record as favoring any particular remedy. But in the case of Nuxated Iron I feel an exception should be made to the rule. From my own experience with it, I feel that it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country, and if my endorsement shall induce anemic, nervous, run-down men and women to take Nuxated Iron, and receive the wonderful tonic benefits which I have received, I shall feel greatly gratified that I made an exception to my life long rule in recommending it.

Dr. F. Sauer, a Boston physician, who has studied both in this country and great European Medical Institutions, said: Nuxated Iron is a wonderful remedy. Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of twenty and as full of vigor, vim and vitality as a young man in fact, a young man he really was, notwithstanding his age. The secret, he said, was taking iron. Nuxated Iron had filled him with renewed life. At 30 he was in bad health—at 36 was careworn and nearly all in—now at 50, after taking Nuxated Iron, a miracle of vitality and his face beaming with the buoyancy of youth.

If people would only take Nuxated Iron when they feel weak or run-down instead of dosing themselves with habit-forming

## THEY'RE OFF FOR \$45,000

Director Little Gives Signal for Advance in Y. M.

C. A. Drive.

**WAR WORK FUND CAMPAIGN IS ON**

Success is Predicted in Get-Ready Luncheon at Elks' Club.

Confident predictions of complete success in Allen county's drive to raise at least \$45,000 as its share of the war work fund of the Y. M. C. A. in the three-day drive which is to end Friday night were made at the get-ready luncheon of enthusiastic teams of workers at the Elks' club at noon today, and under the inspiration of the splendid cause Campaign Director E. J. Little gave the order to "Forward, March!"

While systematic solicitation will not begin until Wednesday, many of the canvassers did not wait for tomorrow. They started after pledges today.

While the diners were at their meal today Earl Thompson, with Fred G. Church at the piano, sang a number of selections, and in the choruses he had the lusty assistance of the audience.

**Of Immense Importance.**

Campaign Director Little impressed upon the team captains and their assistants the tremendous importance of the work now undertaken, and urged them to strenuous efforts to bring the total up as much as possible beyond that \$45,000. He read, also, private letters from a number of soldiers among them one from Allen Tremple, of this city—telling first-hand stories of the splendid work the Y. M. C. A. is doing among the soldiers.

Sergeant J. R. Sherrod, formerly a Fort Wayne lawyer, now a member of the "Scrapping Sixty-sixth" regiment, who is home from Camp Taylor, was cheered to the echo as he was called upon to speak. In simple fashion but with tremendous earnestness Sergeant Sherrod described some of the things the Y. M. C. A. is doing to surround the soldiers with better influence and to safeguard their moral and spiritual welfare. Sergeant Sherrod made a profound impression with his plea for aid for the war-work fund of the Y. M. C. A.

**Going "Over the Top."**

"We're going over the top" in Fort Wayne this week just as our soldier boys are going over the top in their charges," declared Rev. A. J. Folsom, the first speaker. Rev. Mr. Folsom, imbued thoroughly with a sense of the importance of the Y. M. C. A. work and its desperate need among the soldiers, declared there must be no failure, and that it was the privilege of every citizen to this help in winning the war.

The teams of workers in the campaign are made up as follows:

One Hundred Per Cent Club—Dave Vesey, captain; Ervin Ruf, Al Kettler, Arthur W. Rose, Frank Rinchart, Ralph Thieme, Gordon Eby, Merlin Wilson, Charles Hart, E. Hubert Ginn, Dr. Roy S. Tucker, Charles Woodin, Jr., University Club—Elwin M. Hulke, captain; John Hoffman, Louis Crosby, Guy Mahurin, Dr. C. R. Dancer, William T. McKay, R. H. Fletcher, Frank B. Taylor, Brown Cooper, H. B. Somers, Dr. G. S. Ellis, T. E. Ellison.

Men's Club—A. E. Smith, captain; B. F. Heaton, A. H. Perfect, J. A. Greenland, J. Sterling, H. B. Larimer, Guy Scott, Harry Offutt, M. J. Blitt, Herbert I. Miller, W. R. Seavey.

Commercial Club—C. J. Schoo, captain; W. C. Dickmeyer, C. R. Weatherhogg, R. M. Kaugh, C. L. Biderwolf, W. C. Rastetter, F. H. Lewis, Charles Reuss, Healey Link, Edward Miller, Harry Hattersley, W. M. Griffin, B. W. Shryock, M. Levensberger.

Flare Club—E. F. Brinkman, captain; Walter Brinkman, Chester Hinton, Elmer Kaup, Victor Miller, C. A. Merrill, Otto E. Fuebner, Charles E. Park, A. W. Leydell, Alex McCabe, Carl M. Tucker, Kent Pfeiffer.

The Kiwanis club, which has named a strong team to serve with Captain R. W. Fowler, held its regular luncheon meeting today and was absent from the Y. M. C. A. gathering. The club will begin work tomorrow morning with a full team of hard workers.

Daily reports of the progress of the campaign will be made at the noon luncheons at the Elks' club Wednesday, Thursday and Friday.

**Takes the Place of Home.**

Sam W. Greenland, captain of the Rotary club team, said today: "In my opinion, one of the most important matters in connection with the Y. M. C. A. war work campaign is the question of what our boys are going to do during their relief or furlough period, after they get into the trenches. My understanding is that the French and English soldiers, after they have spent

## DON'T LET ANYONE "CAMOUF" YOU, COUNSELS GEORGE ADE

(BY GEORGE ADE.)

The war is teaching us many new words and phrases.

We are beginning to get at the hidden significance of such words as "pacifist," and "Hoover," and "Sur-tax."

One year ago who knew the definition of "camouflage?" Now we have it for breakfast every morning.

The camouflage, as we read of it, designed to fool the Germans.

Some implement of war is so masked or blended or smudged up, that it cannot be distinguished in its correct outlines. It does not seem to be what it really is.

A chicken hawk, properly camouflaged, will be identified by some persons as a dove of peace.

It is a great joke to camouflage the Germans, but it is a serious matter when thousands of well-meaning people in Indiana are being "camouflaged" every week.

When a man who thinks he is a patriot becomes, without knowing it, an active agent in spreading pro-German poison, the laugh is on us and not on the other fellow.

I am writing this letter to Hoosiers of all ages, sizes, and conditions at the request of the state council of defense.

This letter is being written because the state council can no longer ignore the piled-up evidence that the whispered scandals and fake rumors and silly lies which are discovered every day in some part of the state, are deliberately originated and put into circulation by pro-Germans, hiding under a camouflage of Americanism.

Ever since the war began, the reports have been coming in. From one definite region at the north of the state would come stories of underhand attacks on the Red Cross. A few stupid falsehoods repeated over and over, with only slight variations as to names and places and dates.

The Red Cross was selling knitted articles to department stores. The Red Cross was selling surgical dressing to private hospitals, etc.

a certain length of time in the trenches, are given a leave of absence. These men then return to their homes for a period of possibly two weeks, and undoubtedly they look forward to this home-going with a great deal of joy. The American soldiers, when relieved from trench duty, will have absolutely no place to go, except to roam about in France. The Y. M. C. A. I understand, in their war-work campaign, is planning to take care of these boys during their relief period, and this, in my mind, is going to be a period in their life when they should have all the wholesome amusement and recreation possible. Therefore, the Y. M. C. A. war-work campaign should be given the maximum support of everybody.

**Good Obedience Reports.**

Chicago has pledged practically one-third of its quota of \$3,000,000 for the war fund. The official total yesterday, after all pledges had been turned in, was \$998,976. This does not represent everything in sight. James B. Foy, chairman of the ways and means committee, announced on the night that a million and a half had been subscribed; but no official record of a large part of that amount has yet been received by the war fund committee. A total of \$95,087 was pledged yesterday.

Secretary E. W. Peirce, of the local Y. M. C. A., received from Columbia City this morning the report that of the \$5,000 quota in Whitley county, \$2,770 had already been subscribed. Chairman L. A. Luckenbill and his associates have been doing splendid work.

The students of Purdue university, at Lafayette, have already raised their \$20,000 for the Y. M. C. A. war fund. The faculty and student body pledged that amount, and nearly \$5,000 is expected from the under-classes. Purdue's quota was \$10,000 and in half an hour, double that amount was pledged. The donors united in the movement to buy a Purdue ambulance from the surplus, to be presented to the Red Cross. In the celebration of the great achievement, 1,200 students participated, including three hundred young women. The procession had all the trimmings of a big football victory, with a band and torches, together with college yell.

**From President Wilson.** The following message to the American people comes fresh from the pen of President Wilson, who, in his remarks to the American Federation of Labor yesterday at Buffalo, won the right to the united support for this war of every man, woman and child in America:

"The special campaign for the Y. M. C. A. is of vital importance to the work of increasing the contentment and efficiency of our citizen army; is fundamental to making morale the basis of military morale, and should engage the generous support of all our people. I bespeak for it a unanimity and unity of effort and of gifts to speed this patriotic and practical work forward to an abundant and complete success."

**Boys Sign Pledge Cards.**

High school boys—seniors, juniors, sophomores and freshmen—today turned in large numbers the pledge cards distributed yesterday following an address to the boys in the high school auditorium by Rev. A. J. Folsom. Each pledge card is an agreement to subscribe, earn and pay \$10 to the Y. M. C. A. war-work fund. Fort Wayne thus enters into the great movement among the high school boys of America to subscribe a total of \$1,000,000 to the cause.

Each boy is given the privilege of designating whether his contribution shall be used for food packets for the prisoners of war, for the American soldiers or for the soldiers of the allies. Each boy must earn the ten dollars. To this end the Y. M. C. A. directors ask the co-operation of the business men of Fort Wayne. The amount of the subscription is made large partly because of the war.

Every attempt to trace back one of these lies to the original source had to be a failure because, usually, the busybody repeating the story heard it from a man on the train, who had helped to spread the shameful accusation passed the responsibility to some one else. The endless chain of idle gossip simply led off to nowhere.

Always the thing had happened off at the other end of the state or up in Michigan or out west.

Like the "hoop snake" of our younger days—no boy ever saw one but he knew that one had been seen in the adjoining township.

Stories intended to discourage the sale of liberty bonds, stories meant to intimidate any family displaying a food pledge-card, stories which alarm and worry parents who have boys at training camps, all sorts of cock-and-bull inventions are being passed around by persons who do not realize that they are giving aid and comfort to the enemy.

The state council of defense calls upon the sensible people of Indiana to discourage the circulation of stories which help to discourage our forces in the war. When unity of sentiment is essential, don't be the tool of those who would divide sentiment.

When you hear one of these foolish yarns, don't pass it along to some one else. Nail it down. Demand the proofs.

If any man, woman or child in Indiana who wishes to perform a patriotic service is intimidated or frightened away from the performance of that service, get the facts in the case and report them to your county council of defense.

One of the blessed privileges of peace is to peddle hear-say.

In time of war the passing along of a slanderous story, directed against any agency consecrated to the winning of the war, comes mighty near being treason.

The stories, are made to sound plausible. That is camouflage. Don't be deceived.

cash, or \$5 may be paid within thirty days; \$2.50 on January 1, and \$2.50 on April 1, 1918. The plan calls for real sacrifice on the part of the boy. If he misses that element the plan falls short of its purpose. In exceptional cases, approved by the local leader in each instance, two or more boys may jointly subscribe for a ten-dollar unit. It would be most unfair to the boy, however, to allow him to subscribe \$5 and pay it easily, rather than \$10, which might call for real sacrifice.

Each boy who subscribes receives a handsome certificate. To each certificate is attached ten coupons, each equivalent to one dollar, not unlike the liberty bonds. However, instead of the boy clipping the coupons and drawing interest, he has to make his payments on the coupons. When all of the payments have been paid and all of the coupons clipped, the boy will have a very handsome certificate, which can be framed and kept as a souvenir of the share that he had in the big campaign for the American soldiers or the allied forces.

## MRS. CLARENCE TUBBS PASSES AWAY SUDDENLY

Former Fort Wayne Woman is Dead at Home in Kitting, Pa.

Many Fort Wayne friends are shocked to hear of the death of Mrs. Maud Haug Tubbs, wife of Clarence R. Tubbs, of Kitting, Pa., which occurred in that place very suddenly and unexpectedly on Monday morning at 9 o'clock. Mrs. Tubbs was married last April and went to Kitting to live.

Immediate relatives surviving are her mother, who lives at 1201 Van Buren street; two brothers, George A. of New York, and Charles, of this city, and two sisters, Mrs. Mary Gobner, of Los Angeles, Cal., and Mrs. Fred Barva, of this city.

Mr. Tubbs and Mrs. Jane Reynolds arrive with the remains on Wednesday over the Pennsylvania. Notice of the funeral will be announced later. Friends are requested to omit flowers.

## BRIGHT LIGHTS RESTRICTED TO A BRIEF PERIOD

Washington, Nov. 13.—The fuel administration's formal order restricting the lighting of electric signs to the hours of 7:45 p. m. to 11 p. m. after Nov. 15 was issued today. State fuel administrators were instructed to report violations of the new practice so that the federal fuel administration may see that the power plants have no opportunity to waste coal generating electricity for the purposes which the order characterizes as wasteful.

## RED CROSS NOTES.

The Red Cross makes the following weekly workshop report: Garments, 462; knitted garments, 295; gauze, 2,442; total, 3,110.

The Red Cross warehouse reports that shipments have been received from Michigan City, Goshen, South Bend and Elkhart.

## WOMAN USES AN ICE PICK

When Fake Food Inspector Demands Admittance to Treece Home.

STRANGER COULD SHOW NO BADGE

Forces Way Into House But Brave Housewife Frightens Him Away.

Mrs. George Treece, 3330 South Broadway, has notified The Sentinel that a man representing himself to be a government food inspector has been operating in her neighborhood. He presented himself at her door a few days ago and demanded admittance into her cellar saying that he desired to make a report on her canned fruit.

Mrs. Treece, however, demanded to see his badge or other credentials and the man was unable to show anything to prove his authority.

He grew rather urgent in his demands for admittance and Mrs. Treece picked up an ice pick and threatened to do him injury if he forced his way into the house.

The man became alarmed and departed. Mrs. Treece described him as being of middle age, dark, weighing about 150 pounds, and wearing a soft dark hat.

Others in the same neighborhood complain of being molested by the same man. Some time ago a warning was issued by the Allen county council of defense to be on the lookout for such individuals.

## ALL STRIKES CALLED OFF

No More Labor Trouble on Work for Government in the War.

LABOR FEDERATION HAS TAKEN ACTION

Shipping, Munitions and Other Branches of Labor Exempted.

Buffalo, N. Y., Nov. 13.—All strikes affecting government work in shipping, munitions and other war enterprises have been called off by the building trades section of the American Federation of Labor, it was announced by Secretary Morrison this afternoon.

A conference of building trades representatives and government representatives will be held in Washington within a few days to go over the situation. Pending this meeting orders have been sent to presidents of locals to put their men back to work.

The building trades council of the American Federation of Labor today sent a message to President Wilson asking for a two hours' conference to discuss the situation at Quincy, Mass., where work is being held up on a destroyer plant by a strike involving about 1,800 men.

More than 8,000 other workmen are indirectly affected by the trouble it is said. Secretary Baker of the war department is said to have sent a telegram to the heads of building trades departments warning them that unless the trouble was adjusted at once the government would be compelled to step in.

The presidents of the building trades conferred last night and the telegram to President Wilson today was the result. The Quincy strike involves the question of the open shop and a settlement there it was said would pave the way to speedy adjustments elsewhere.

When the second day's session of the 37th annual convention was called to order today it was the expectation that President Gompers would deliver his annual address, postponed from yesterday.

## COUNTY CAMPAIGN STARTS THURSDAY

The campaign for subscriptions to the Y. M. C. A. war fund in the rural districts will not start until Thursday morning. Many have the impression that the county campaign begins on Wednesday which is a mistake. Full instructions may be secured from Arthur F. Hall.

## ART SMITH RETURNS.

Art Smith, Fort Wayne's famous aviator, who accompanied by his mother, Mrs. James P. Smith, went to Japan last spring, have returned to America. Art will, no doubt, enter the service of the government at one of the big aviation training camps. The news of the safe arrival of the young aviator and his mother was received Monday by the father, James P. Smith, residing on the Leesburg road, west of the city in the following telegram: "San Francisco, Nov. 11. Arrived this morning. Everything fine. Starting home soon. Will write."

## HAD LIVED HERE FOR THIRTY-FIVE YEARS

Mrs. Amanda R. Velvick Dies at Home of Daughter on Columbia Avenue.

Mrs. Amanda R. Velvick died at the home of her daughter, Mrs. Frances Dormer, 815 Columbia avenue, at 9:45 o'clock Tuesday morning. Mrs. Velvick was born in Hillsdale, Michigan, and came to Fort Wayne 35 years ago where she has since resided. She is survived by three children: Mrs. Lillian Craig, E. J. Velvick and Mrs. Frances Dormer, all of this city. Three grandchildren and one brother, Alva Beam, of Portland, Ore., also survive. The deceased was a life long member of the Methodist church and her father, Rev. Peter Brown, was for many years a Methodist preacher at Hillsdale. Mrs. Velvick was a member of Ben Hur Court, No. 15, of this city. Funeral services Thursday afternoon at 2 o'clock at the home of her daughter, Mrs. Frances Dormer, Interment Lindenwood.

## HARRINGTON.

Mrs. John Harrington, aged 52, died at 9:15 o'clock Monday night at her home in New Haven after a serious illness of only a few hours. The deceased had been in failing health for some time as the result of a stroke of paralysis. Mrs. Harrington, formerly Ella Huston, had been a resident of New Haven all her life and was well known and respected. Surviving are the husband and three daughters, Mrs. Arthur Glinther, Mrs. Richard Melner and Mrs. J. C. Moser, all of Toledo; the mother, Mrs. Sarah Huston, and three brothers, Lee, Oliver and Vere Huston. The deceased had been an active member of the Methodist church of New Haven for a number of years. Funeral announcement will be made later.

## FUNERAL NOTICES.

Brudi.—The funeral of Carl L. Brudi will be held Wednesday afternoon at 1:30 o'clock from the home and at 2 o'clock from the Lutheran church in New Haven; interment in the Lutheran cemetery east of New Haven.

Engelbrecht.—The funeral of William Engelbrecht will be held Wednesday morning at 10 o'clock (sun time) from the residence, 2602 Edsall avenue, and at 1:45 from the St. Martin Lutheran church, Rev. Stock officiating; interment will be in the church cemetery.

Division No. 3 Ladies' Auxiliary of the West Creighton Avenue Church of Christ will hold an all day meeting and pot-luck dinner at the home of Mrs. McVay, 834 Grace avenue.

There will be a public podro and bunco party at St. Paul's Catholic school hall on Wednesday afternoon at 2:30 o'clock.

## MARRIED IN APRIL; NOW SEEKS DIVORCE

Mrs. Wm. Grodrian Says Her Husband is Abusive and Uses Vile Language.

A few months of married life with William Grodrian are more than a sufficiency for Mrs. Mary Grodrian, who filed suit Tuesday for divorce in the superior court, through her attorney Phil B. Colerick.

Mrs. Grodrian says that her husband has been guilty of conduct even too vile to be written in a divorce complaint. He has had no hesitancy in cursing before her young children by a former marriage, she alleges. Mrs. Grodrian lives at 2078 John street. In addition to the divorce she is asking for \$1,000 alimony, a weekly allowance for her support, and a restraining order to prevent him from in any manner interfering with her.

## SUES FOR DAMAGES.

Mark Heath Brings Action Against Henry Horn for \$1,000.

Because of injuries alleged to have been received when he was knocked from his motorcycle, which he had recently purchased, by an automobile, Mark Heath filed suit in the circuit court, Tuesday, against Henry Horn, who was driving the machine, for damages in the sum of \$1,000. The accident occurred on September 24, 1917, at the corner of Webster and Washington streets.

## SUIT ON ACCOUNT.

Suit for the collection of \$423.78 alleged to be due on an account was filed Tuesday by Raymond G. Hall against James I. Turnbull.

## SHOULD WILL.

The will of the late John M. Shonde, of Defiance, O., has been filed for probate. The deceased leaves all of his property to a sister, Sarah Shira, of Defiance. John Schlembaugh is named executor.

## Charges Desertion.

Charging desertion, Louise Richards has filed suit in the superior court asking for a divorce from Wheeler Richards. Mr. and Mrs. Richards were married on October 24, 1904, and the husband left for parts unknown on May 14, 1914. She is represented by Hartzell & Todd.

## Receiver Wanted.

A petition asking for the appointment of a receiver for a Pearl street garage owned by Charles A. Kyrer, Carl Monroe and Charles Arnold has been filed by Kenneth Hauer. Hauer alleges that \$200 is due him.

## Mechanics Lien Case.

Suit for the foreclosure on a mechanic's lien to satisfy a demand for \$50 has been filed by Thomas Farver against Fred G. and Lena Casler and the Tri-State Loan and Trust company.

## Called Her Names.

Because her husband called her vile names and cursed her without cause or provocation, Rebecca Coon has filed suit in the superior court asking for a divorce from Nathan Coon. She alleges that for two years he has given her no money with which to buy clothes and as a result she has had to work. Mr. and Mrs. Coon were married June 11, 1904, and separated October 8, last. She is represented by Attorney Frank H. Kleekamp.

## Bridge Out.

The bridge at the Lemle home nine miles northwest of the city on the Lincoln highway, is being repaired. A road running through the Lemle yard has been prepared while the bridge is out.

## Marriage License.

Harry W. Vaughn, 25, assisting shipping clerk, and Charlotte Snick, 23.

## MRS. HENRY RIPPE IS BADLY BURNED

Flash of Exploding Gas in Furnace Envelops Her Head.

Mrs. Henry L. C. Rippe, of 2516 South Harrison street, was severely burned about the face, neck and chest yesterday when gas in the heating furnace at the residence exploded as she opened the door to add fuel. Her hair was completely burned off, her eyes temporarily injured and the flesh on her face, neck and chest blistered in places by the flames. She is suffering considerably today, but none of the burns are very deep and it is believed she will soon recover. Mr. Rippe, the husband of the injured lady, is the private secretary to T. W. Demarest, superintendent of motive power of the Pennsylvania Northwest system.

## STATE URBAN HOME DEMONSTRATOR HERE

Miss Elizabeth Cowan, state urban home demonstrator, is in the city to ascertain whether Fort Wayne is ready for a city home demonstrator. Indianapolis has such an agent and she is said to be doing splendid work. Miss Cowan came here from South Bend, where a city home demonstrator is to be appointed with in the near future. The salary for a city home demonstrator, as well as the salary of Miss Mabel Erwin, county emergency home demonstrator agent, is paid by the government.

# OWNERS FAVOR SUSPENSION

Central League May Not Be  
in the Field During  
1918 Season.

## WILL TAKE ACTION AT LOUISVILLE

President Stahlhofer Will  
Recommend an 84 Game  
Schedule Instead of 120.

Louisville, Ind., Nov. 13.—The meeting of the Central league club owners, scheduled to be held today, was postponed until tomorrow to await the action of the National association in regard to re-districting and re-classification of minor league territory.

Harry W. Stahlhofer, of Evansville, Ind., president of the league, was unwilling to make any predictions in regard to the 1918 season. Some of the club owners he said, had expressed a willingness to suspend. "If we decide to start I shall recommend the adoption of 84 game schedule instead of 120 games," Stahlhofer said. "Then if the war seriously threatens our operations, we will be in a position to end our season without serious loss."

"Attendance figures for last season revealed by President Stahlhofer showed a decrease of nearly 50 per cent. over normal conditions. Some of the clubs drew less than 25,000 persons for the entire season. The same clubs a year ago drew between 40,000 and 50,000."

The board of arbitration settled down to work today to dispose of more than eighty cases involving disputes between leagues individual clubs and players. The majority of the cases call for the settlement of salaries and the ownership of players contracts.

The American and National leagues and the class AA and A leagues turned only \$60,000 into the hands of the minors for drafted players as compared with \$150,000 to \$200,000 under normal conditions.

### WILL STAGE DOUBLE BILL.

Milwaukee, Wis., Nov. 13.—The Cream City A. C. closed a double bill for a boxing show at the auditorium here on Wednesday, November 21, with Johnny Ertle, the St. Paul Kewpie, and Joe Burman, Chicago, in the first bout and Eddie Moha, who gave Ted Lewis a scare for welter honors, in the other. Both bouts will be of ten rounds, and there will be preliminaries.

### QUARTERBACK HURT.

Kendallville, Ind., Nov. 13.—Warren Rommes, star quarterback of the K. H. S. football team, was injured in the game with Mishawaka, last Saturday, which caused the team to lose. The score was 19 to 0.

# NEVER DID BEFORE, WHY DO IT NOW? AND SAMMIES DON'T GET ATHLETIC GOODS

(By Paul Purman.)  
For some reason or other the Chicago university faculty has refused to permit a post-season game between Chicago and Michigan, the net receipts of which were to have gone to the Sammies' athletic fund.

It is merely an instance in a long string of foolish policies and precedents which has American amateur sport bound hand and foot.

Athletes galore have been refused records because of trivial circumstances which did not meet with the approval of the A. A. U., a body even more reactionary than most college faculties.

It is believed that at least \$30,000 would have been realized by the Michigan-Chicago game.

The only objection to its being played was an old time rule of the western conference which provides that the consent of the faculties of a certain majority of schools represented in the conference is necessary before post-season games can be played.

The rule was made to prevent long schedules which might result in lower scholarship for the athletes involved. It was not made to cover a contingency such as that now at issue, where the motive of the game was patriotism.

# OFFICERS NAMED BY INDUSTRIAL LEAGUE

Another Meeting Will Be  
Held Saturday to Arrange  
a Schedule.

At a meeting of the Industrial Basketball league at the Commercial club the following officers were elected for the season: Harold Burkas, of the Bowers plant, president; H. Meyers, Dudio company, secretary, and George Waldschmidt, General Electric plant, treasurer.

The same industries in the league last year will be represented this season as follows: Dudios, Bowers, General Electric and Pennsylvania shops. Captains of the various teams will be named soon. The opening game will probably be played on December 13.

Officials of the league will meet at the Commercial club next Saturday at which time a schedule for the season will be worked out. Walter Geller has been selected to referee the opening game, which will be played at St. Paul's hall. Games will be played every Thursday evening.

### NAVY TO MEET ARMY.

New York, Nov. 13.—Arrangements have been made for a football game at Cleveland, on Nov. 24 between the team of former college stars representing the second naval district and an eleven from Fort Sherman. The naval eleven had previously been scheduled to meet Rutgers in Brooklyn on that date.

### BOXING TOURNAMENT.

Boston, Nov. 13.—The boxing committee of the New England association has set Dec. 10 as the date for a boxing tournament in this city to be open to amateur boxers from all parts of the country. All of the proceeds will be given soldiers' relief funds.

### CADDOCK POSTPONES BOUT.

Des Moines, Ia., Nov. 13.—Earl Caddock, of Anita, Ia., claimant of the world's wrestling championship, is in a hospital at Rochester, Minn., and has postponed his match with Yussif Husane, the Bulgarian wrestler, scheduled for November 21 in Des Moines. Caddock underwent a minor operation Saturday.

### PORTLAND WINS GAME.

Portland, Ind., Nov. 13.—The Portland team defeated the Middletown team Sunday by a score of 23 to 0. The Portland eleven will play the Belmonts of Indianapolis next Sunday.

10-16-17

The moss covered fogism of the Chicago faculty was shown when members explained they voted against the game because they did not think post-season games should be played under any circumstances.

Just at this time when athletic clubs, baseball teams, athletes and followers of sport are giving their services and money to provide athletic supplies for our army camps, where thousands of boys and young men are seeking clean, healthful recreation and pleasure, the attitude of the Chicago faculty is indeed hard to understand.

Hundreds of thousands of football followers would be interested in a round robin of three or four sectional colleges late this fall, which would decide the national championship and would add thousands and thousands of dollars to the Sammies' fund.

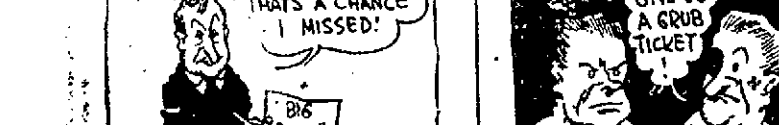

Could an elimination contest be arranged, say between the Western conference champion, Pittsburg university, Georgia Tech and Notre Dame, it would be difficult to estimate the net receipts. But so long as American amateur athletics is tied down by foolish precedent, no cause, however just, can expect to benefit by them.

**RESTFUL SLUMBER.**  
The gent he slumbered peacefully  
With his head upon his breast,  
His snores resounding loud throughout the hall.  
He slept from late the night before  
And still he needs more rest  
He forgot to ask the usher for a call.

Around him slumbered restfully  
A hundred men or more  
With peace enlivened on each sleeping face.  
No heed they pay to anything.  
They just sit there and snore—  
Spectators at a six-day cycle race.

**HE OUGHT TO BE.**

Chicago university faculty turned down the Chicago-Michigan game, which would have realized \$30,000 for the Sammies' athletic fund. And Big Bill Thompson isn't a member of the faculty.

A New York candidate is said to have used cheaper beer as a campaign issue. Which, of course, would have given him the bowler and rasher vote.

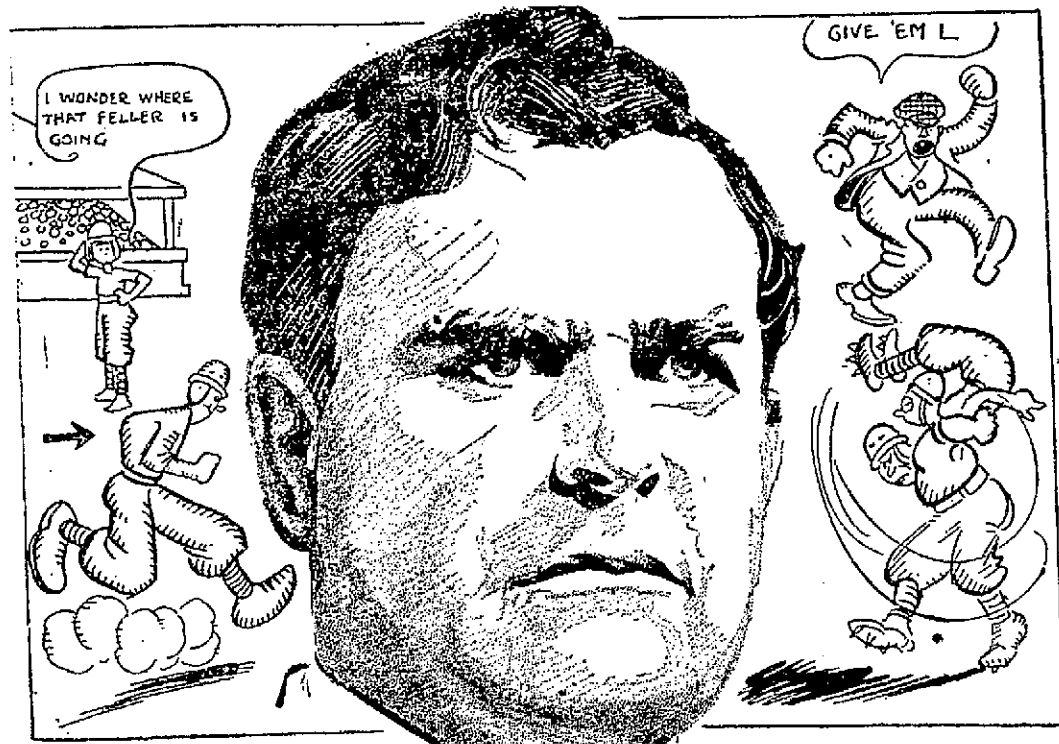

**THEN THEY COULD EAT.**

A \$350 belt was one of the things Bill Brennan and Jim Coffey fought for. They probably would have shown more appreciation if it had been a meal ticket. That's the way with heavyweights.

Yale is to have an informal soccer team. We thought all soccer teams were informal.

# MINUTE MEN OF FOOTBALL—GLENN WARNER

(By Paul Purman.)  
Does a football coach make a team or do football teams make the coaches?

It is a question often asked when successful football machines are discussed. "Anyone could win with a team like that," is an expression often heard—but, consider Glenn Warner, "miracle man of football."

For fifteen years Warner led the Carlisle Indians and in those fifteen years Harvard, Syracuse, Brown, Pennsylvania and other big eastern schools were frequent victims. Three years ago Warner left Carlisle and the Indians have not won an important game since.

Then Warner went to Pittsburg and backed a team which had been considered mediocre with his ingenuity with the result that Pittsburg has not lost a game in three years and for two seasons has been considered the best team in the east. Warner is a striking refutation to the statement that a coach does not make a team.

# CHANGES PROPOSED IN THE MINOR LEAGUE MAP

Commission to Decide on  
Plan for Formation of a  
New Circuit.

Louisville, Ky., Nov. 13.—The second stage of the fight of three American association cities—Louisville, Indianapolis and Toledo—to withdraw and merge with certain clubs of the International league in the formation of a new circuit is set for decision when the annual meeting of the National Association of Baseball Leagues convenes here today.

Representatives of these clubs, it was reported, will appear before the convention with a resolution requesting the re-districting of the minor league territory of the country. M. E. Sexton, president of the National association, said that if the resolution is passed a committee probably will be appointed to carry out the plan that promises to change the entire structure of the minor league map.

"This issue promises to be the biggest question before the convention and I do not care to speculate as to its outcome," President Sexton said. "There will be nothing for me to do but to appoint a committee, if enough votes are cast in favor of the scheme to re-district. The seriousness of wrecking the American association against the wishes of a majority of its club owners makes the question alarming."

Suspension until the end of the war of ten or twelve small leagues including two or three weaker organizations in class E probably will be recommended by President Sexton. War taxes on traveling expenses and gate admissions and heavy subscriptions of the baseball public to the liberty loan and war charity will force the smaller organizations to close if they attempt to succeed," he said. President A. R. Terney, of the Three-I league, which suspended its season last year, in July, shares the same view. "I do not see how the small leagues can expect to survive," he said. "Calling thousands of men into the army will seriously cripple baseball patronage. The public in the smaller cities is absorbed with the war. Conditions will become worse when American casualty lists are brought home."

# WORKING RESERVE TO ISSUE MEDALS

Fort Wayne Boys May Re-  
ceive Badges of Honor by  
Their Enrollment.

One hundred Fort Wayne boys registered the United States Boys' Working Reserve are eligible to receive the bronze government medals by enrolling in the reserve. This means that any of the boys in the reserve who have completed ten weeks work in any of the city factories or on a farm may get a medal by enrolling. The only thing necessary is that a statement be received from the shop foreman or the farm owner stating that the ten weeks work has been completed since August 1. Any boy above sixteen and below twenty-one is eligible for the medal, providing he has made the other requirements.

These orders were received by A. L. McDonald, city director of the Boys' Working Reserve. Boys wishing these medals may get them by taking the necessary steps before Assistant City Director L. H. Dunten, 502 Shoaff building. The enrollment means no military step of any sort, nor does it mean that the boys will be taken away from home to do any work, providing he does not want to go.

### FRANCE TRYING TO RESTORE.

Paris, Nov. 13.—Temporary repairs on buildings in certain sections of the liberated area of France sufficient to enable returned refugees to remain in their homes through the winter have been undertaken by the bureau of reconstruction and relief of the American Red Cross. Work was recently begun at Croix, near Nele, and it is hoped to complete the task in that village, Molignaux and Matigny, within one month. The bureau is also preparing plans for relief work in other villages.

### BURGLARY ATTEMPTED.

Van Wert, Ohio, Nov. 13.—Thieves made an unsuccessful attempt to burglarize the office of S. W. Long in the Arcade block, on West Main street. A Jimmy was used on the door, but the lock held fast and the thieves failed to gain entrance.

# RUBE STOPS GAME TO EAT CUSTARD PIE, HIDDEN UNDER HIS JERSEY

BY ED. MORIARTY.

Noted Sport Writer.  
"A hidden pie" or "the beaming of Rube Waddell," vivifies memory of other days. In the early Nineteen Hundreds James Morley, then manager of the Los Angeles baseball club, had signed Waddell for the coming season.

Screaming references to the approaching debut of the famous "Rube" in an Angel uniform adorned the countryside. Day before the season opened, Morley sent his club to practice against a fast collegiate nine. As first-baseman, Morley had secured Frank Decker, famous with Pop Anson.

Among the pitchers who worked out against the amateurs was Waddell. A clever youngster, Bob Fitzwilliams, speeded them over for the rah rah boys. One of Fitz's prize shots caught Waddell abait the temple and dropped six feet two or so of gigantic "Rube."

Manager Morley contracted everything but an epileptic fit. He dashed wildly about, finally dousing the fallen "Rube" with a most copious bucket of water. He threw the pall at the frightened amateur who had beamed his Nibs. Waddell, when he finally came to, was for mopping up the chap who died.

## CHIROPRACTOR HAS RIGHT TO PRACTICE

**Paulding County Jury Re-  
turns Verdict Finding H.  
M. Warner Not Guilty.**

(Special to The Sentinel.)  
Antwerp, O., Nov. 12.—The case of H. M. Warner, Paulding's chiropractor, charged with the unlawful practice of medicine and surgery, was tried before Probate Judge Poorman Wednesday. The jury was out about three hours and then brought in a verdict of "not guilty." Hon. Fred H. Hartwell, of La Crosse, Wis., attorney for the Universal Chiropractors' association, assisted by Attorneys W. H. Snook and T. B. Holland, of Paulding. The verdict not being satisfactory to the state's attorney, a new trial was granted, which came off Friday. The jury was out twenty minutes and the same verdict was returned.

**Antwerp Brief Items.**  
Doe Kitcher, of Fort Wayne, for some time foreman for the Moellering, Construction company, was the guest of Joseph Taser and family Monday. On Wednesday he expects to leave for Norfolk, Va., where he will enter the naval training station there, he having enlisted in the naval service. His many friends here will wish him Godspeed and good luck.

Miss Edith Slusser, employed at the General Electric works at Fort Wayne, spent Sunday at her home here.

John Hughes, mechanic at the Ford service station, is visiting at Flint, Mich., the guest of his son, Roy Hughes, and family.

Miss Frank Gordon, of Knoxdale, was an Antwerp visitor Monday.

John Langham, who is employed at Toledo, spent Sunday at his home here.

The township trustees have done some excellent work grading up some of the roads leading into town. River street, which has been in a bad shape, has been graded up, and will be navigable for light craft unless a flood should strike this section, then it would have to be drained to make it possible for conveyances other than those of a light tonnage.

The tar bound road leading into town from the east was completed Saturday, much to the gratification of residents living in that direction. Monday the machinery used in the work was loaded on cars for shipment to Toledo. A firm of that city had the contract to do the work.

Ward Nelson and family, of Wolf Lake, Ind., were guests of Antwerp relatives a few days last week.

Mr. and Mrs. Mito Schwab contemplate a trip to Michigan. The same will be a self-conducted one, and will be made in the family auto. Mr. Schwab having a vacation, he being a mail clerk on the Wabash.

**SALTS FINE FOR  
ACHING KIDNEYS**

**We Eat Too Much Meat Which Clogs Kidneys, Then the Back Hurts.**

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

## OSSIAN NEWS

Ossian, Ind., Nov. 12.—A miscellaneous shower was given Saturday evening for Mr. and Mrs. Dale J. Ferguson at the home of Mr. and Mrs. Samuel Kreigh. Miss Ida Kreigh was the hostess and the Philathea girls and Baraca boys were guests. Games and contests furnished amusement for a delightful social evening and later a jolly luncheon was served. The bride received many pretty gifts of silver, linen, china and aluminum. Those present were Mr. and Mrs. Ellis Woodward, Mrs. Frank K. Baker, Misses Lulu Summers, Elizabeth Demaree and Laura Kreigh, all of Fort Wayne; Misses Marie Fisher, Blanch Wilson, May Weaver, May Morton, Katharine Baker and Clark Fisher.

## BREAD CARDS IN PARIS.

Ration to Be Cut from Pound to Half Pound.

Paris, Oct. 13.—Bread cards have been issued to the housewives of Paris, though the regime has not yet been instituted. The ration which was fixed at a pound per day per head by the preceding minister of provisions, will probably not exceed a half pound per head. Bulgaria, whose principal resources are agricultural, allows a pound a day. Bread rations to civilians in belligerent and neutral countries to date are as follows:

Bulgaria, 15 ounces; Denmark, 10 ounces; Germany, 9 ounces; Austria, 9 ounces; Sweden, 8 1/2 ounces; Holland, 8 ounces; Switzerland, 8 ounces; Italy, 8 ounces; England (families), 7 1/2 ounces; Turkey, 5 ounces.

Bread is made in Germany of flour containing 94 per cent. of wheat; in Austria the flour is 90 per cent., while 85 per cent. is used in France.

## MP TAYLOR BOYS ALLOWED TO STUFF

but While There is Plenty to  
Eat No One is Permit-  
ted to Waste.

Louisville, Ky., Nov. 13.—Every mother's son of the 30,000 odd drafted men from Indiana, Kentucky and Southern Illinois at Camp Zachary Taylor, one of the new National army cantonments, located on the edge of Louisville, may eat his fill but the injunction, is laid on every mess sergeant and every company cook to waste nothing that he leaves.

"Waste!" said First Lieut. Lee Ernstberger, who has been stationed at the cantonment incinerator, "there is no such thing. Since I have been here I have not seen an ounce of butter, bacon or beef wasted."

The real business, however, of eliminating waste in this, the Eighty-fourth division, falls upon Major Luther Poust, chief sanitary inspector. Under him are six first lieutenants of the medical reserve corps who make the rounds of the camp every morning and, among other things, report apparent waste as disclosed by what they find in the garbage cans.

Widespread rumors have been current in Louisville that while the civilian population, in common with the people everywhere, have been enjoined to eliminate waste, extreme luxury prevailed in this respect at the camp. As a matter of fact, it is stated, the waste is so little that the garbage contractor at the camp who expected to remove 60,000 pounds of refuse, disposes of but 8,000 pounds daily.

He finds but infinitesimal scraps of bread because every mess sergeant and every camp cook has been instructed that every ypiece of bread, if it has been bitten into, must have that part removed and the remainder saved for bread puddings after having been placed in an oven and sterilized. He finds bones from meat animals with no fat on them because they have been boiled for soup. Bacon and ham renderings are saved and all left-over fats and meats are boiled and rendered and used for frying and flavoring.

It should be understood that all this is accomplished in the most sanitary manner, and compares with the practice in the best homes. It is emphatically stated that it does not mean the men are restricted in the amount of food they may consume. A drafted man may eat one slice of bread or a dozen. As long as he is hungry and does not waste it he may eat his fill, or anything on the table.

Food, however, is served so there will be the smallest quantity "left over." Occasionally the sanitary inspector finds some spoiled beef or meat and orders it thrown into the garbage cans. Officers believe this may have caused the widespread rumors that food was being thrown away.

### ST. JOE NEWS.

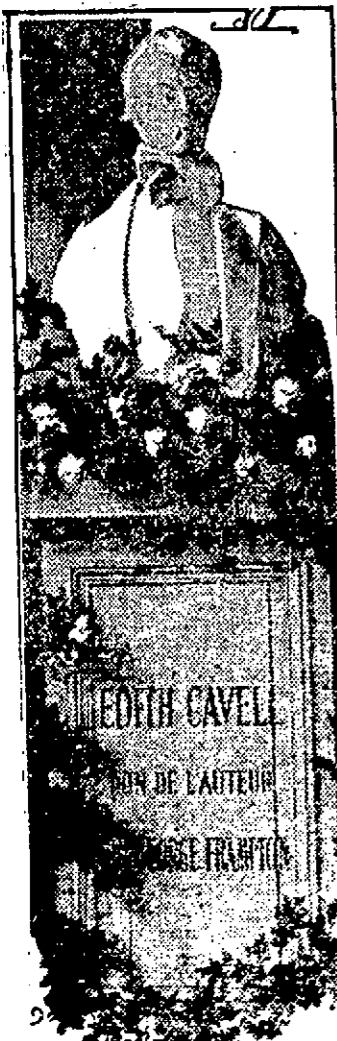

St. Joe, Ind., Nov. 13.—Five auto loads of St. Joe people and vicinity attended the Jackson township Sunday school convention Sunday afternoon at Rehobeth church. The owners of the machines were Rev. J. C. Coon, B. V. Widney, P. B. Leighty, John George and A. L. Githers.

Sunday evening services at the Christian church were shortened in order that the merits of the X. M. C. A. war activities might be presented by Rev. Mumma, pastor of the Lutheran churches of St. Joe and Spencer, Ind., and others assisted in the meeting. The following organization was affected for Concord township and St. Joe village, which has appointed the following officers: President, P. B. Leighty; solicitors, S. W. Tustison, Ray Herrick, Charles Koch, H. C. Hattaway, Frank Bowman, Wm. M. Maxwell, L. W. Yeiser, Jay Snyder, Wm. Staman, Frank Johnson, Snyder, Rev. J. C. Coon, J. C. Hull, M. P. Bishop and Dr. B. Sheffer.

A large audience greeted Evangelist Martin, Sunday night. The services will continue this week at least.

The new store opened by A. M. Imhoff reports a nice trade since the opening last Friday. Mr. Imhoff moved his family into the P. A. Patterson residence Monday.

War Dog from the Trenches in Camp

Famous Wolf Hound Pup is in Camp Taylor to Educate Her Kind.

Camp Zachary Taylor, Louisville, Ky., Nov. 13.—Sapho, Belgian wolf-

hound, ten months old, forty pounds in weight, non-descript brown in color, has arrived at Camp Zachary Taylor after two months in the trenches in France. She carried messages under shell-fire and is destined to perform a like office upon the completion of her education and her return to the fighting line of the allies overseas. She was before Verdun with her master and knows, as far as a dog may know, the shock of battle under modern conditions.

Sapho was brought to the United States by two French officers who with others were detailed to Camp Zachary Taylor to teach the drafted men from Indiana, Kentucky and Southern Illinois, modern methods of warfare.

"We brought her with us to serve a double purpose," said Lieutenant Meric, with Sergeant Hermet, her joint master. "First we wanted her for a companion, and then we will complete her training in camp here and show the American boys how it is done. Then, also, if we can find dogs suitable for our purpose it is probable that we will take them back with us and she will be of assistance in training them."

Sapho, on her initial appearance in

camp, spent the most of the day in front of division headquarters where she divided attention with her masters from all passersby.

Americans who greeted her reception of advances from strangers, is extremely reserved. But, Sergeant Hermet hastened to say, that is due probably to the fact that she understands no English.

Moreover, according to the sergeant, she had not fully recovered from a siege of sea-sickness experienced on the way over to New York.

Americans who greeted her were warded with a sniff. But at command delivered in French by Lieutenant Meric, she was up and away in a flash, covering the width of a company street to his side in an apparently effortless glide rather than the usual series of lops of dogdom in a hurry.

**SAN CARLO OPERA COMPANY  
AT PALACE WEDNESDAY EVE**

Mlle. MARY  
KAESTNER

Dramatic Soprano  
SAN CARLO GRAND  
OPERA COMPANY

If enthusiasm counts for anything, it may be safely stated that tomorrow evening the most distinguished and musical people in this city will be in attendance at the Palace when the San Carlo Opera company presents "Aida," with an elaborate singing cast and gorgeous scenic investments.

Fort Wayne has looked forward to this event with considerable pleasure and if the reports and criticisms from other cities are true, a real treat is in store for us. The Morning Musical club, under whose auspices the opera is given, are to be congratulated for the work they are doing in making this city better musically. It takes courage, grit and push to put on an opera, especially in these unsettled times, but the effort is worth the while, for the more musical a community, the greater the intellectual development of the people as a whole. We need more entertainment such as the San Carlo company offers and Fort Wayne has responded nobly to this, the greatest musical and social event of the year.

Minnie, Vaudeville's Greatest and Largest Comedienne.

Minnie, the 7,200 pound comedienne, who stands just a fraction of an inch under nine feet tall and unflinchingly confesses to 45 years of age, wrinkles and love for candy and cake, is the world's most ponderous funster. Minnie is being presented at the New Palace the first portion of the week with three playmates in a series of playful feats. Working with her are a riding horse, a tiny Shetland pony and a huge mastiff.

There will be no vaudeville at the New Palace Wednesday evening, as on that occasion the theater is to be turned over to the San Carlo Grand Opera company, in "Aida," sung under the auspices of the Morning Musical.

ering plants and flowers on display. Every nook and corner of the large showroom will be utilized in order to make the most comprehensive showing of flowers that the city of Fort Wayne has ever seen. The background decorations will be of southern smilax, and a few of the blossoms on display will be chrysanthemums, roses, orchids, American Beauties and flowering plants of all descriptions in a novelty arrangement.

Proceeds to Red Cross.

This extraordinary show is given not only to foster a better liking for flowers among the people of Fort Wayne, but also to do everything possible at this time to help swell the funds of the Red Cross. A large share of the receipts will go to the Red Cross.

Special Features.

An orchestra under the direction of Gaston Bahle will play during the show tomorrow and Thursday evenings, and Miss Grace Romary, with several of her pupils, will give esthetic dances which will also be added attraction at these times.

Afternoon Show.

For the benefit of those who care to come in the afternoon instead of in the evening, a show will be held on Thursday afternoon beginning at 2:30. The Florists' association, composed of seven florists who will take part in the show, is the Florist Floral Co., the Dwell Floral Co., Lanternier, Wenninghoff, Vesey's, F. J. Knecht & Co. and the New Haven Floral Co. The show no doubt will be an unequalled success, and deserves the liberal patronage of the citizens of Fort Wayne.

**Mrs. Carl Stark Files Suit  
for Divorce in DeKalb  
Circuit Court.**

(Special to The Sentinel.)

Auburn, Ind., Nov. 13.—It seems that the DeKalb circuit court is the favored spot, for those seeking relief from their marriage vows for within one week there has been six applications for divorce. The latest to seek the severing of the bonds of matrimony is Mrs. Carl Stark, a recent prisoner in the county jail on a charge of child neglect. Mrs. Stark charges her husband with non-support and cruel treatment and many things too vile for publication. She alleges that the recent charge made by her husband against her and which caused her to be held a prisoner in the county jail were without foundation. The couple were married in 1914 and separated 1917. They have one child two and half years old. The mother is asking for a divorce, alimony, and \$20 a month for the support of the child.

Seeks Custody of Child.

Mrs. Sarah Olive Beckwith, of Butler, whose application for divorce from her husband, Frank Beckwith, was unsuccessful when in hearing the case last week, it was discovered that they had not been residents of this state long enough to justify the court in granting a divorce, has now started habeas corpus proceedings in the DeKalb circuit court to obtain possession of her twenty-three-month-old baby. The husband took the child from the mother and to the home of his mother, Mrs. Asa Moorehead, of Butler. The young mother is but 17 years old but claims she can provide a better home than her mother-in-law for the little one. She alleges that her husband never has maintained a proper home and works but very little. Mr. and Mrs. Elmer Longworth, of Fort Wayne, an uncle and aunt of the young mother, have offered a home to her and her baby. Attorney F. H. Ritter, of Butler, represents Mrs. Beckwith.

**WELCOME OPENING  
TOMORROW**

**S. B. Thing & Co., Inc., to Throw Open for Public  
Inspection Their Remodeled Store.**

Wednesday will be what might be termed "at home" day at "the Shoe Hustlers," when they will be pleased to receive their many friends and have them freely express their friendly criticism of the extensive improvements just completed in this well-known store. It was some thirty years ago when these "popular price shoe folks" first became identified with Fort Wayne's business life. Their first location was on Calhoun street, north, but during the past eleven years, they have occupied the store 130 East Berry street, and have enjoyed a steadily increasing business.

During the recent weeks, Thing & Co. have been making extensive alterations and improvements in their store to provide for economical shoe buyers a modern and pleasant place in which to shop. The interior has been remodeled, providing for a stock room and office, at the rear of the store; hundreds of additional feet of shelving to accommodate the large and varied stock, and an entirely new and strictly up-to-date seating arrangement has been provided. The new store front here shown is, however, by far the most important improvement and is a striking illustration of what a wonderful change can be brought about by experienced planning coupled with plenty of ready cash. The front has two modern windows with roomy entrance between; and above the well-lighted windows and across the entire front of building are large illuminated signs. At a still higher level, a large space is devoted to block prism glass, which greatly improves the interior lighting.

Special window trimming for the opening was both novel and attractive, and was the work of Mr. Alfred T. Spearman, traveling merchandise man for the concern, who was complimented upon his decorative ability.

The well-known Tom Snook was the builder of the front; and the effective electric lighting system was installed by G. W. Libbing. H. D. Halstein had the painting, and the ivory tinted interior of the windows makes an attractive effect.

The store will be under the management of Mr. H. J. Lyon, who has conducted the business with increasing success and has many friends who wish him still further success in the new store of modern ideas.

Mr. Manning Smith, who has a host of friends good and true, has been with Thing & Co. continuously during a period of twenty-seven years. His personal customers will find him wearing a broader smile than ever in the modernized store, for he says the changes are "just tip-top."

Other members of the sales force are as follows: C. J. Gore, C. L. Phillips, Eugene Frank, G. W. Behler, Frank Boyett and Mrs. E. E. Henderson continues to hold the position as cashier—a position in which she has shown much interest and ability and is always happy.

S. B. Thing & Co., Inc., who are to be complimented upon their phenomenal success in this city, is a Massachusetts corporation with headquarters in Boston. Their annual business exceeds \$2,000,000 and the president of the concern is Mr. William A. Richardson, of Boston.

**QUEST CLUB RENTS  
THEATER FOR LECTURE**

**All the Men of the City and  
County Are Invited to  
Hear This Talk.**

The Quest club has rented the Majestic theater for Friday night so that there may be plenty of room for all the men of the city and county to hear the lecture of Dr. W. F. Martin, of Battle Creek sanitarium, who will talk to men on the subject of vital importance relating to wartime diseases. Dr. Martin will speak first at the regular Quest club meeting to be held Friday night at the Anthony hotel at 8:30. The general invitation is to the meeting at the Majestic theater and it is hoped that the theater will be packed as the lecture is of vital importance.

Dr. Martin has been named by President Wilson to have charge of the lecture bureau work before the soldiers in the army cantonments. It is believed that an organized effort to destroy the curse of venereal disease is as important as an effort to destroy the ravages of alcohol and consumption. In some armies the scourge of these diseases has been as effective

as the bullets of the enemy. This work has been taken up by the government and a bitter fight will be waged against this dreaded scourge.

**You Get Better Cough Syrup by Making it at Home**

What's more, you save about \$2 by it. Easily made and costs little.

You'll never really know what a fine cough syrup you can make until you prepare this famous home-made remedy. You not only save \$2 as compared with the ready-made kind, but you will also have a more effective and dependable remedy in every way. It overcomes the usual coughs, throat and chest colds in 24 hours—relieves even whooping cough quickly.

Get 2 1/2 ounces of Pinex (50 cents worth) from any good drug store, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Here you have a full pint—a family supply—of the most effective cough syrup that money can buy—at a cost of only 65 cents or less. It never spoils.

The prompt and positive results given by this pleasant tasting cough syrup have caused it to be used in more homes than any other remedy. It quickly loosens a dry, hoarse or tight cough, heals the inflamed membranes that line the throat and bronchial tubes, and relief comes almost immediately. Splendid for throat tickle, hoarseness, bronchitis, croup and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract and has been used for generations for throat and chest ailments.

Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

## ZANESVILLE GIRL TO NURSE THE SOLDIERS

Miss Frances F. Keyser Goes  
to Fort Worth, Texas, to  
Do Red Cross Work.

(Special to The Sentinel.)  
Zanesville, Ind., Nov. 13.—A farewell reception was given to Miss Frances F. Keyser at the home of her mother on Wednesday evening, November 7, previous to her departure to Fort Worth, Tex., to enter upon Red Cross work. The rooms were appropriately decorated in our national colors, and the colors were carried out in the refreshments served. The evening was pleasantly spent in conversation and in singing. The following "Round" written for the occasion was sung by the Zanesville quartet:

"What is this confusion and this noise about,  
What is this I hear the people sing and shout,  
Frances Keyser 'CAN' the kaiser  
'CAN' the kaiser."

Among those present were: Prof. Bangs and family, Mr. and Mrs. Ed Shoup; Mr. and Mrs. Woody Kepinger; Mr. and Mrs. Chase Clark; Dr. and Mrs. R. V. ## ITALIANS ENLIST IN THE U. S. ARMY

Four of Them, All Residing  
on Bass Street, to Fight  
for Uncle Sam.

Four Fort Wayne men from Italy have felt the call of this country and have enlisted in the army through the local station. They are Sam Bibb, Mattio Turco, Andrew Boig and Frank Igin, of 404 Bass street. The Italians will leave Monday for an engineer unit as unskilled laborers. There has been a misunderstanding about the right of aliens to enlist and Sergeant Arthur Turner, of the local station explains it as follows: "An alien, without his first papers, can enlist if he comes from a country allied with the United States, one from a neutral nation must have his first papers, but an alien from one of the central powers, our enemies, cannot enlist under any circumstances." Five men were sent to the training camps Tuesday by the Fort Wayne recruiting station. Two went to the remount section, two to the aviation section and one to the coast artillery. The local station secured thirty-six enlistments for the first ten days of November, making it the second city in Indiana from the point of enlistments. Indianapolis was first.

Visits Son.  
Mrs. U. S. Hoffman and daughter, Mrs. Theodore Schwankovsky, with Miss Margaret Schwankovsky, have gone to Louisville, Ky., to visit Lieut. Carl S. Hoffman, who is on duty at Camp Taylor. The young officer formerly lived at 610 Riverside drive.

Wires of Safe Arrival.  
Mr. and Mrs. J. B. Crankshaw, of this city, have received a telegram from their son, F. J. Crankshaw, who is in the aviation section of the signal corps, telling of his safe arrival abroad. "Am well and happy," the brief message stated, but it did not disclose where the young man was stationed, as this part of the message was carefully censored.

## TWO BUTLER BOYS IN FRANCE.

CORP. JASPER LOOMIS AND CORP. FERN KETTERING.

(Special to The Sentinel.)  
Butler, Ind., Nov. 13.—The above is a picture of two Butler boys who enlisted at Fort Wayne January 6, 1914, and have been messmates ever since. Seated at the left is Corp. Jasper Loomis, son of Mr. and Mrs. John Loomis, of Butler, and on the right is Corp. Fern Kettering, brother of Mrs. James Culbertson, of Butler. After enlisting at Fort Wayne they were transferred to Columbus, O., then to Newport, R. I., where they were stationed at Fort Adams until war was declared with

Germany when they received honorable discharges to re-enlist in foreign service in heavy coast artillery. They are members of Battery K, Seventh provisional regiment, American expeditionary forces in France. Corp. Loomis is a first-class gunner, operating a 10-inch cannon. He won a gold medal recently when he shot fourteen miles, hitting a ten-foot target 77 out of 100 shots. Corp. Kettering took out a \$300 liberty bond Oct. 14. Both young men are descendants of civil war veterans.

## CALL ISSUED FOR THE THIRD TRAINING CAMP

Former Concordia Students  
Especially Desired—Must  
Enroll by Dec. 1.

The United States government has again recognized the efficient training received by the students at the Concordia college, of this city, and in the call for the third officers' training camp a special appeal has been made to former students of the school who can make the requirements. When the call came for the first training camp Concordia students were ranked 100 per cent. perfect. All applications for this training camp, to be held at Fort Benjamin Harrison in January, must be signed by December 1.

Signal Corps.  
The government also has extended an invitation to all civilians, measuring up to the requirements, the opportunity to fit themselves for commissions at the next training camp. Men between 19 and 30 are wanted as commissioned officers in the signal corps of the United States army. Men between 25 and 35 are wanted as commissioned officers in the balloon division of the United States army. Men in these branches have excellent opportunities for advancement and at the same time are enlisted in one of the most important and interesting branches of the service. Application blanks and the preliminary examination can be had at the Commercial club of this city. Apply examining board, O. R. C. Military Training Camps' association; Captain E. H. Kilbourne, chairman.

## SUMMARY OF THE DAY'S WAR NEWS

(Continued from Page 1.)  
cast of the Soguna, has been given up to the Austro-German advance. The extremist party which gained control of the Petrograd government last week claims in an official statement sent out by wireless from Petrograd today to have inflicted a complete defeat upon the forces of Premier Kerensky and General Korniloff, advancing on Petrograd. The engagement occurred near Tsarko-Selo, fifteen miles south of Petrograd. The Kerensky forces are said to be retreating. The premier apparently is still with them. Measures are being taken for his capture, the Bolsheviks communicate declares. North of Peltre the Austro-Germans have captured 14,000 Italians who apparently were cut off in their attempt to reach the new defense positions. The Italians, aided by the French and British, are prepared to give battle to the invaders and heavy fighting is not unexpected. The Italian reverse has caused Premier Lloyd-George, of Great Britain, and Poincaré, of France, both former ministers of war to declare for solidarity of the allied command and efforts on the battle fields of Europe. The reverses of the past three years, Premier Lloyd-George said had made it necessary that the leadership be unified and that the allies be united. Victory will come from unity of action, no matter what may happen to Rus-

## MILITARY NOTES FROM KENDALLVILLE

(Special to The Sentinel.)  
Kendallville, Ind., Nov. 13.—Harry Oviatt, first sergeant, stationed at Camp Sherman, Ohio, is visiting his parents, Mr. and Mrs. B. F. Oviatt. Lieutenant D. D. Johnston, of the medical corps of the army, who has been stationed at Fort Benjamin Harrison, was visiting friends here last Friday. Mrs. Johnston, who is living in Fort Wayne, was also here visiting friends. Lieutenant Johnston has been sent to the Mineola aviation camp at Long Island, N. Y. William Johnson, a civilian cook in the army, stationed at Camp Taylor, Ky., has been released because of the illness of his mother at Coshen, Pa. He is visiting his parents, Mr. and Mrs. William Johnson, and other friends and relatives.

## CAMP SHELBY PREPARES FOR THANKSGIVING DAY

Hattiesburg, Miss., Nov. 13.—The Indiana soldiers at Camp Shelby are looking forward with eager pleasure to the coming of Thanksgiving and Christmas because they know, without being told, that the people back home will remember them. They expect good home cooking and delicacies that the government does not provide and which cannot be bought in Hattiesburg.

## HOSTETTER IS ELECTED

Other dispatches say that Maximilian rule in Petrograd apparently is weakening as Premier Kerensky is at the head of loyal troops advances from Gatchina, 30 miles southwest of the capital. Reports received in Finland say that the premier has entered Petrograd and that the Bolsheviks have been overthrown. There is no confirmation of these reports, which are at variance with latest advices from Petrograd itself. The Bolsheviks are digging trenches and erecting barricades in preparation for a battle with the Kerensky forces. Fighting has occurred near Gatchina between the revolutionists and the Kerensky troops, but with what result is not known.

Premier Kerensky's advance toward Petrograd caused the military cadets there on Sunday to rise against the Bolsheviks. Although outnumbered, the cadets fought desperately for possession of the telephone exchange until they either killed or captured. The sailors are reported to showing signs of dissatisfaction with Bolshevik rule and even the leaders, Lenin and Trotsky, have sought a place of safety on a cruiser in the River Neva. The committee of public safety, formed in Petrograd from elements opposed to the extremists is gaining ground and a number of its members have been sent to Gatchina to attempt to arrange a compromise between Premier Kerensky and the Bolsheviks. In Moscow the conservative elements have gained the upper hand and have formed a government, which, however, is reported to include some Bolshevik members. Premier Kerensky retains the chief command of the Russian armies and has established headquarters at Gatchina. Gen. Alexieff, the former commander in chief, is with him but whether Generals Kaledines and Korniloff have joined in the movement against Petrograd, the stronghold of the extremist organization, is not yet clear.

## ANARCHISTS IN PETROGRAD SAY PREMIER LOSES

(Continued from Page 1.)  
effort to effect a compromise with Premier Kerensky on an all socialist

government. There are conflicting reports from Moscow and other large cities. The Bolshevik report officially that Moscow is still in their hands, although a telegram to the committee of public safety on Sunday said that the Kerensky adherents had driven the Bolsheviks into the Kremlin where they were besieged.

Among the reports heard is one indicating that Lenin and Trotsky are aboard the cruiser, Aurora, and are directing operations from that place of safety. The scenes on the streets today were similar to those of last Thursday when the people quietly transacted their business as though no bullets had disturbed them.

Incidents of Sunday's Fight.  
At the corner of the Grand Morskai and the Gorkovskai near the telephone exchange, during the long battle on Sunday in which the Bolsheviks regained possession of the exchange from the military cadets, incidents of the fighting could be seen from the office of the Associated Press nearby. There were intermittent fusillades from rifles and machine guns during the morning and the afternoon as the Bolsheviks, stationed 100 yards down the Morskai, made spasmodic sorties toward the exchange. A curious crowd appeared around the corners, huddled buildings and crouched in doorways to escape bullets.

An armored car manned by military cadets and stationed in the square around the cathedral cleared the streets there with a fusillade, in reply to occasional firing from Bolshevik infantrymen hiding behind the marble columns in front of the great cathedral.

Out of Fuel; Captured.  
Some time later the fuel supply of the car became exhausted and the car was captured by Bolshevik sailors, who killed two of the occupants by firing through the port holes. They then broke in the steel door and dragged the third occupant, who was wounded, to the street. He was killed by the sailors while a crowd of spectators within the hotel Astoria cried out in protest. The bodies lay in the street for half an hour until hospital nurses and French officers gained permission to remove them.

At one moment machine gun bullets were whistling through the streets, the next the firing ceased and the people doffed their hats as a funeral cortege with four white horses drawing a white canopied hearse and black garbed mourners following on foot crossed the Morskai directly in the line of fire. Bullets splattered against the facades of the buildings and one military cadet fell in a crumpled heap across the street from the Associated Press office. Another fell with a shot through the head as he was warning the onlookers to seek safer quarters.

Ammunition Exhausted; Surrender.  
The military cadets within the telephone exchange surrendered shortly after dusk when their ammunition became exhausted. The city then became quiet except for occasional spasmodic firing. Bolshevik forces reinforced by sailors from the battleship Petropavlovsk and other warships and from Helsinki, patrolled the city today. The heaviest guard, backed by artillery, was stationed at the telephone exchange to prevent a surprise attack at recapture. Two other clashes between the military cadets and the Bolsheviks occurred Sunday at the Fontanka bridge, where a military cadet car was captured and the inmates killed and at Vladimirsky, the military cadets' school, which was captured only after a brave defense. The military cadets, who correspond to the West Point cadets in America, are the only military forces in Petrograd loyal to Premier Kerensky.

The regular weekly meeting and luncheon of the Kiwanis club at the Anthony hotel, Tuesday, was devoted exclusively to outlining plans for the Y. M. C. A. drive. The Kiwanis club will have a team in both the work in the city and country under the direction of Robert Fowler. Howard Benninghoff presided at the meeting.

## BREAD RULES ARE ISSUED

(Continued from Page 1.)

to any retailer for any unsold bread or other bakery products, "or exchange any of them for other bread or bakery products which he has sold."

Regulations of Weight.  
Bread must be made and sold only in the specified weights or multiples of sixteen ounce units which must not run over seventeen ounces and twenty-four ounce units, which must not run over twenty-five and a half ounces in both cases net weights, unwrapped, twelve hours after baking. Each unit of twin or multiple loaves must conform to these weight requirements. Rolls must be in units weighing from one to three ounces, but no rolls manufactured or offered for sale shall weigh, unwrapped, after baking, less than one ounce or more than three ounces. These standards are to be determined by averaging weights of twenty-five loaves or five dozen rolls of each unit.

Use of Sugar.  
In weighing dough on the base of 126 pounds of any flour, meal or mixture, bakers must not use more than three pounds of can or beet sugar or in lieu of them three and one-half pounds of corn sugar, nor more than six pounds of fresh milk from which butter fats have been extracted; nor use any shortening except not exceeding two pounds of compounds containing not more than 15 per cent of animal fats; or, instead, not more than two pounds of vegetable fats. Where sweetened condensed milk is used, its added sugar contents shall be deducted from the net sugar allowed. Sugar or fats are not to be added to the dough during the baking process or to the bread or rolls when baked.

Foot Administrator Hoover recommended to all wholesale bakers today to establish as their wholesale prices those at which they will offer their products for sale in lots of twenty-five pounds or more, unwrapped, for cash, at the bakery door, subject to fair additional charges for wrapping and delivering when the bakers perform those services. Licensees are asked to report these wholesale prices to the federal food administrator in their state. Some wholesale bakers already are retailing bread at their plants directly to consumers.

Believing frequent deliveries enhance prices, Mr. Hoover urged all bakers to reduce deliveries to once a day over each route; and to this end, to consolidate deliveries or zone their territories.

## TOMORROW IS SUBURBAN DAY

Fort Wayne Stores Sparkle  
With Lines of New Merchandise.

PREFER TO COME  
HERE WEDNESDAY

Popularity of New Mid-Week  
Shopping Day Grows With  
the Passing of Weeks.

Good weather tomorrow will bring a large crowd of out-of-town people to take advantage of the splendid array of new merchandise which will be unfolded for the inspection of the visitors. Many of the "specials" to be offered tomorrow are listed in today's Sentinel.

Large numbers of the people who are now coming on Wednesdays say that they find shopping much more pleasant than on Saturdays when the "town folks" are also crowding the stores, as is the case when so many are not employed on Saturday afternoons. Of course, the same advantages are offered to the people of Fort Wayne, but it is impossible for many to arrange their shopping hours to accommodate the plan which is especially attractive to the visitors.

The Wednesday habit is a money-saving habit, and many have learned the truth of this statement. The splendid growth of the weekly trade day has proven its popularity throughout the district of which Fort Wayne is the center. The people are learning that the Fort Wayne stores contain the lines of goods which they thought could not be purchased here—indeed, large numbers of Fort Wayne people have learned this very thing during the past few weeks—and this revelation has been a splendid thing for both merchant and patron. The closer acquaintance between the local dealers and the people of the surrounding country has resulted in a co-operative spirit which has elevated the retail trade in every commendable way.

## CARD OF THANKS.

We wish in this manner to thank our many friends for their kindness during the sickness and death of our husband and father, George A. Treace, and especially Rev. Foster for his kind words, the quartet for their beautiful songs, and those who sent floral offerings, and to all who assisted in any capacity.

MRS. GEORGE A. TREACE AND CHILDREN.

BIG SERVICE FLAG.  
The St. Paul's societies will honor their fighting members in a short time by raising a mammoth service flag over their hall. The big affair will bear more than thirty stars and will be manufactured by a flag concern. The ladies society will sew the stars upon the white field. The flag is expected to be raised within a few weeks.

England is planning to spend \$30,000,000 within the next ten years for reforestation in the United Kingdom. This involves an elaborate plan for timber planting, especially in Ireland, where large areas have been denuded to furnish mine timbers.

## CARD OF THANKS.

We desire in this manner to thank our friends and neighbors and especially the minister for their kindness and sympathy and also for the beautiful floral offerings during the sickness and death of our brother and uncle, Andrew Wageman.

# THE MARKETS

## HAY MAKES ADVANCE, NOW \$22.50 A TON

Good Markets Prevail in Ft.  
Wayne—Corn and Oats  
Has Big Day.

Hay reached a \$22.50 price at the city scales Tuesday, and it is predicted that the price will soon reach a \$25 mark. Hay and oats enjoyed another big run and the prices ranged about the same as on Monday. New corn brought from \$1.05 to \$1.10 a bushel and old corn ranged from \$1.30 to \$2.00 a bushel. Oats advanced to a top price of \$1.40 a bushel. The farmers have been greatly impeded in getting their crops to market because of the fact that farm help has been scarce. Many did not get their potatoes out of the ground until last week and now are turning their time to corn husking.

A fairly large Tuesday street market was in evidence for the late season. Poultry, apples, cabbage and potatoes were the chief articles of sale.

## CORN PRICES AGAIN DISPLAY WEAKNESS

Grain Pits Follow Course  
of Instability of Wall  
Street.

Chicago, Nov. 13.—Corn prices weakened today owing largely to instability of the New York stock market. Opening quotations which ranged from 1/8¢ off to 1/4¢ advance, were followed by a moderate general setback. Oats were depressed by liberal commission house selling. Strength in the hog market lifted provisions.

Toledo Closing Cash.  
Toledo, O., Nov. 13.—Wheat: Cash, \$2.17. Corn—Cash, \$2.20 truck; December, \$1.24 bid; January, \$1.20%; May, \$1.19%. Oats—Cash, 66¢ to 66 1/2¢ December, 67 1/2¢; May, 67 1/2¢.  
Rye—Cash, \$1.70 bid.

## DRUNK DECIDES THAT STRANGER NEEDS BLOW

William Baker Strikes Man

Without Warning or Provocation.

William Baker, of the city forestry department, decided that he did not like the looks of Clarence Maas, a man whom he had never seen before, and promptly started to change his features. The police interfered after Baker had landed a blow on the jaw and brought the pair along with Fred Russell, another drunk, to the police station. Maas was discharged as was Russell. Baker came in for \$5 and costs.

### Gets Continuance.

Clay Patterson, a young colored boy, arrested on a loitering charge, but being suspected of having stolen several articles of wearing apparel, had his case continued until Nov. 17. One of the shirts said to have been stolen from a clothing store was found in the man's room.

### Several Are Discharged.

Thomas Lindley, a drunk, was given \$1 and costs, while Henry Kruse, William Clark and Robert Johnson were discharged. Clark was arrested on a loitering charge. The man is in a weakened condition and promised to follow the advice of Judge Kerr by applying for admittance at the soldiers' home at Marion.

### Chicken Poisoners.

Someone with a stunted conception of food value at the present time, got in a good lick for the German cause by poisoning eleven chickens in the flock of Mrs. O. M. Hart, 3201 Fairfield avenue, Friday. Detective Sergeant Papert has been detailed on the case, and if the poisoners are arrested a severe sentence will be given them.
